### INSTANT EDITORIALS

111 is not alone in commentary. Tour with us the first floor, stairs and bedside of 806 East Seventh St. "Smoking kills" leaps from the card in the library typewriter.

"Don't smoke--take a walk" suggests the card facing from one of the book-cases.

"Don't buy cigarettes" admonishes a card in a hall planter.

"No smoking in this house" says the card on the coffee table. "Don't do it" adds a card across the living-room.

"Live a little--don't smoke!" notes the card in the kitchen.

"Don't smoke today!" says the card in the upstairs hall. "Don't smoke, MOTHER!" "Don't smoke, FATHER!" cards leaning at bedside lamps shout.

All of which means the campaign is direct, succinct and comprehensive.

It is safer to smoke a cigaret than bring up the subject. Our old average of 10 a day has been shot down. We walk more, wondering when the signs on the trees start popping up like the old "Burma-shave" highway campaigns of the 1930s and 1940s.

Martin and Leslie are smiling. They even up an old score which started with a toothbrushing campaign a few months ago.

And you're right. We're smoking less and they're brushing more. And during the withdrawal period, even from such a limited addiction as mine, it would be easier to eat the things than live with the reminders. . . or editorials or whatever category those instant advisories would fit.

111-111-111

If we are ever as healthy as those two, we would gird with armor and charge

## Area Drouth Continues Grasslands Status 'Critical'

### Rain Vital For Winter Pastures

Cattlemen are facing prospects of a lean winter if it doesn't rain soon as pastures continue to burn up in the searing late August heat.

Reports from cattlemen in the Cameron area say that native Bermuda grass pastures are burned up, but pastures planted in Coastal Bermuda are still holding up fairly well except on hilly areas.

Short hay harvests, with poor second growth, also add to the discouraging picture, along with diminishing water in stock tanks.

Preparations for winter pastures are also waiting for moisture, stockmen explained. The ground is too hard to plow, or in cases where spring plowing was done, rain is needed to activate fertilizer.

One livestock grower, B. L. Franke, said this drouth is still not as bad as the summer of 1963, when only about 8 1/2 inches of rain fell between January and August.

"The cracks in the ground were so big that year that calves would fall in them," he said. If a vehicle happened to drive along into the cracks, the tires would fall in, he recalled. So far this year's cracks are up to five inches wide on his place.

Franke said he had started supplemental feeding for his cattle several weeks ago. He reported that he usually has oats coming up around the first of September, but the ground is too hard to plow, and "even volunteer oats have to be stirred."

Careful grazing on some of his cultivated pastures is "stretching" the grass but no growth is occurring, reported Reeves

Brown, stockman in the Salem area.

Brown said he has been providing supplemental feed since July on some of his pastures, and his summer production of silage for winter feed was short this year.

"This might be a good year for stockmen to consider an irrigation investment for feed growing," he said, reviewing dry summers during the four years he has been ranching in the Salem area.

Low water levels in stock tanks, with attendant loss of oxygen and growth of germs can produce an unhealthy situation for cattle, he added.

Commenting on the drouth's effect on the livestock market, Brown said about the only market that suffers is the cull, as stockmen unload their poorer cattle. The canner cow market is holding well, however.

The present drouth is not so widespread as to affect the overall cattle market, Brown noted.

### Water Use Shows Rise

Water use in Cameron was averaging 1,600,000 gallons as the city marked off 87 successive days of hot, sunny weather with the exception of a .22 inch shower in late July.

Water use reached a peak on August 12 when city records show 1,880,000 gallons of water pumped in 24 hours, much of it onto Cameron lawns and gardens. Temperatures the previous day had reached a high for the summer of 109 degrees.

Although less than once inch of rain has been measured since June 1, the water table for the city is about average compared with rains recorded for the past 10 years.

A similar rain picture last year recorded 93 inch of rain in June, 53 in July, then 30 days of extremely high temperatures that were broken by a 2.18 rain on August 26. That rain touched off four days of temperature dropping showers.

Rain table for 1960 - 1970 shows Cameron rainfall, January through August of each year, contrasts from a low of 8.26 measured in 1963 to a high of 31.90 in 1968.

1960	24.70	1966	30.21
1961	18.85	1967	10.49
1962	16.42	1968	31.90
1963	8.26	1969	22.70
1964	15.79	1970	19.12
1965	28.41		

### Service Held For Mrs. May Hurt

Mrs. May Hurt, 76, a resident of Milano for the past 71 years, died in a Cameron nursing home Sunday night.

Funeral services were at 2 p.m. Tuesday at Phillips and Luckey Funeral Home chapel in Rockdale, minister Lloyd Hall officiating. Burial was in the Hurt Cemetery near Milano.

She is survived by two sons, Cecil Hurt and Jesse Ray Hurt, both of Milano; a brother, Walther Mathews of Rockdale; and four grandchildren.

600 HORSEPOWER FAN for Alcoa's Rockdale Works.

## Construction Starts On Alcoa Plume Cleanup

By truck and trailer, auxiliary equipment for Alcoa's lignite dryer chimney clean-up project at Rockdale Works is now arriving at the plant as part of a current \$1 - 1/2 million environmental project enters the actual construction stage.

The new equipment, to be installed in connection with a new 250-foot brick-lined chimney, has been designed to bring the dryer emission color well within Air Control Board limits.

To date, the 600-horsepower fan and Venturi Scrubbers have arrived, with ductwork and piping soon to come.

The present color problem occurs during the lignite drying process that removes most of the moisture from the lignite before charging to the boilers to generate electricity needed for the aluminum smelting process.

Attempts to develop equipment to abate this problem date back several years and involve expenditures of large sums of money and the efforts of Alcoa engineers, consultants from Texas A&M

University, and abatement equipment manufacturers.

Construction work on the 250 foot chimney is scheduled for completion during 1971 and will be the most recent addition to Rockdale Works' long and expensive list of scrubbers, precipitators, bag filter systems, etc., designed to help preserve the atmosphere in and around the Rockdale area.

More than \$8 million has been spent on pollution control at Rockdale Works alone, and in fact, 12 - 1/2% of the total cost of the company's newest potrooms went for pollution control equipment.

The fume control equipment included in Rockdale's two newest potlines involve Alcoa's sophisticated and most advanced system for removing gases and particles generated by aluminum smelters -- now being made available to other aluminum producers on a licensing basis.

And, to maintain this and other environmental equipment, more than 20 Rockdale Alcoans work full time to preserve the environment.

## New FB Queen Reigns

Hamilton County Farm Bureau's queen candidate, Lucy Stearman, won the organization's District VIII title during a fast - moving two hour pageant staged in the Methodist Fellowship Hall Saturday evening.

Named runner - up was Bell County Farm Bureau's entry, Sara Ware.

They were among a field of six contestants representing counties scattered across the big Central Texas district. The other queen candidates were: Margaret Hopson, Coryell County; Keryn Morris, Lampasas County; Laura Scarborough, Travis County; and Linda Synatzske, Milam County.

John A. Smith of Cameron, District 8 Director, presided during the pageant, which was hosted by the Milam County Farm Bureau, and drew a crowd of about 250 FB members from all over the area.

An added feature of the program was performances by three Talent Find contestants -- Margaret Hopson, Sandi Waldrop and Jackie Bell. Miss Waldrop, who sang "Without A Dream In My Heart"

was named the winner, and Jackie Bell was runner-up in this event.

Miss Stearman, with brown hair and wearing a lavender formal with net ruffles, is a junior at Hico High School. She told Shivers in an interview on stage that she planned to attend Texas Tech, majoring in mathematics. She said she likes to cook -- "but I don't like to wash dishes" -- and prefers modern music.

Runner-up Sara Ware, who wore a white and red formal, said she liked riding horses as a hobby. She is the daughter of Mr. and Mrs. E. B. Ware and is a senior in Bartlett High School and a drum major in the band. She is the third of the Ware daughters to be named Bell County Farm Bureau Queen.

Miss Stearman succeeds Vicki Duncan as District 8 Queen, and was crowned by her as the climax of the program. She also received a bouquet of red carnations from Smith. She will compete in the state finals during the Farm Bureau's annual convention in November.

NEW QUEEN CROWNED - Texas Farm Bureau District 8 Queen Lucy Stearman, center, is crowned by Vicki Duncan, 1969-

70 queen. Contestants, from left: Keryn Morris, Laura Scarborough, Sara Ware, Linda Synatzske, and Margaret Hopson.

## Local Employers Asked To Help In Yoe Program

Interest and cooperation from local businessmen and individuals is needed to get a new program off to a good start at Yoe High School.

Classes in Home Economics Cooperative Education are the most recent addition to the Yoe High curriculum, according to Supt. D. R. Dodson.

The classes give junior and senior students both on-the-job and classroom education in a variety of occupations. Practical work experience will be provided through part time employment at cooperating business in Cameron.

The course can be taken for one or two years and earns two credits. The students receive pay comparable to that paid beginning workers in the same occupations.

A similar program has been offered for boys at Yoe High School by a vocational - agricultural cooperative program. It has been in effect for two years, with enthusiastic reports from employers and school personnel.

Typical occupations open in the home

program include those in clothing and textiles -- such as department and specialty shop assistants and cleaning establishments.

Hospitals, nursing homes, and convalescent homes offer opportunities for education as dietitian aide, food service employee, and companion to the elderly.

Appliance firms and utility companies can provide education for testing and demonstrating equipment, and floral design can be learned in florist shops. Housekeeping management assistants can start learning at motels, hotels, homes for the aged and, with supervision, in private homes.

Numerous other occupations are listed in the program's guidelines.

Mrs. Dorothy Foster will be teacher - coordinator for the program. She will be responsible for the selection and placement of students and will correlate their classroom and practical education.

An advisory committee of local business people has been set up by the

school to assist Mrs. Foster in organizing and operating the new program.

"The addition of this program will do much to fulfill a need for practical and useful training for youth," Yoe High Principal Jack Chubb said. "We hope it will enable a large number of our students to enter full time employment when they graduate from high school."

Businessmen and individuals who are interested in the program are asked to call Chubb at Yoe High School.

CAMERON, TEXAS 76830

Frank M. Luecke, Editor and Publisher  
Frank M. Luecke and Don Scarborough, Owners

ALL DEPARTMENTS: A C 817 897-2471

Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published Every Monday and Thursday  
Subscription Rates: \$5.50 per year in Milam County; \$6.50 out of county.

## Convinced The More....

We are convinced patrons and leaders of Milano schools and community and Cameron schools and community can see the possibilities of about \$1.5 millions for the students of both districts.

Published budgets show the following figures for Milano and Cameron: \$232,229 (Milano) and \$959,300 (Cameron). That totals a \$1,191,529 budget combined, a sum even in inflated times which could raise the level of student development in the combined district.

These figures in no way include estimates of from \$300,000 to \$400,000 of incentive aid to the combined district, which would serve to alleviate concern over congestion in classroom or other immediate need for such a consolidation.

The total would be about \$1.5 millions in hard figures, not mere estimates which would benefit every child and adolescent in the new district.

It would create for the Milano high school student by next fall an additional 15 to 20 courses unavailable in his school this fall. And this gap is no fault of the Milano system; it is caught by the changing times, the greater demands for specialized classroom work, only possible with a larger district resulting from such a consolidation.

These are the big pluses. Milano, of course, would maintain a grade school system of six to eight grades of its own after any success-

ful vote for the consolidation September 12. The school, of course, is committed to function as a 12-grade system this year.

If these are not pluses enough for Milano leaders and students to evaluate, there are others, less important to education, but popular: AAA status in athletics and various drama, academic and speech competition, which means broader background for the high school student; AA competition this year, probably the last time, which brings strong Cameron district teams to and from schools, around Central Texas, and opportunity to go to state level limited by Class B athletic rules to regional competition. Last year Yoe High School went to regional in basketball, Cameron youngsters won third in Little League in state competition, regional in pony league, finished a strong second to AA power Georgetown in district.

These are a few of the pluses. The administrators and school boards of both independent systems could evaluate the greater number which would result from such a consolidation.

We are convinced, the more, that \$1.5 millions would serve one fine system of students from Milano and Cameron and it is certainly of merit for Milano and Cameron patrons and school leaders to consider, to advance and to approve.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

### THE UNEATABLE GROCERY BILL

Rep. John M. Zwach (Minn.) "... Almost every day, if we have the radio or television set turned on, we can hear someone commenting on the high price of food and leaving the impression that the farmer or the food store are profiteering.

"We know that to be far from the truth. The prices the farmer receives for his products are lower today than they were 20 years ago. And the supermarket ends up with a profit of about a penny on a dollar of sales. . .

"I would like to insert in the Congressional Record an editorial from the Brainerd (Minn.) Daily Dispatch. . . which points out the part that transportation and preparation play in the final cost of our food." (Excerpts follow.)

The Economic Research Service of the U.S. Department of Agriculture has issued a leaflet, entitled, "What Makes Food Prices?"

The leaflet attempts to explain why food prices appear to be much higher than the

prices received by the farmer. "Today," the publication states, "We can buy more foods throughout the year than ever before, thanks to canning, freezing and other ways of keeping foods."

SEASONS DON'T EXIST IN FOOD STORES. Americans expect to buy lettuce, tomatoes, fresh fruit and other vegetables in January, the same as we do in August—even though they cost more.

Many of the foods are brought thousands of miles from warmer climates during off seasons—because people want them.

Another factor in food prices is that more foods are PRE-WASHED, PRE-PEELED, PRE-COOKED, PRE-MIXED and PRE-PACKAGED—preparation that costs more, but provides a convenience for which consumers are willing to pay.

The leaflet also points out, about one-fifth of most people's grocery bill ISN'T GROCERIES AT ALL. It is something to WEAR, LISTEN TO, READ OR TO CLEAN WITH.

The truth is that the U.S. mass distribution system in a free market has no equal for sheer economy and efficiency.

### A GRASSROOTS COMMENT

Everything costs more today. A close-up of the Cat or Dog's dish on television costs \$16,000 a minute on television, and not on prime time. Table scraps went the way of the garbage disposal. But as the editorial states, "The mass distribution system in a free market has no equal for sheer economy and efficiency.—J.C.

## Legislative Committee Views Court Reforms

By Vern Sanford

### AUSTIN

A legislative committee is sampling recommendations for sweeping court reforms, including creation of judicial system administrators with authority to send judges wherever they are needed.

Judicial section of the State Bar will detail its proposals at an October meeting in Galveston.

Judges and practicing attorneys gave the House Judiciary sub-committee, at a hearing in the capitol, their ideas for improving and speeding up court machinery.

Sample recommendations include: "Strong court administration, including authority to ignore present district lines in assigning judges to duty where the action is.

"Giving 14 Court of Civil Appeals power to handle intermediate appeals of criminal, as well as civil, cases to ease load on overworked Court of Criminal Appeals (which now receives appeals direct from district courts all over the state).

"Creation of a 'unified' court system (a variety of plans have been suggested) to insure an even work load on courts, again by shifting judges to areas where dockets are overloaded.

"Automatic judicial redistricting by a five-member board if the Legislature refuses to do the job.

"Removing judges from politics.

"Stiffer fines and jail sentences for contempt of court to help prevent court disruptions like those which have shocked the nation in recent months.

"Simplification of the judicial article of the state constitution so the Legislature can make necessary changes without having to submit constitutional amendments.

"The climate for judicial reform was never so good." Supreme Court Associate Justice Jack Pope told the committee members. "But if reform is passed up this session of the Legislature, it may be too late."

### OIL ALLOWABLE

Texas Railroad Commission boosted the oil allowable for September to 79.9 per cent of potential -- highest level since October 1951.

Order is seen as likely to boom production higher than during the Arab-Israeli war in 1967.

Chairman Ben Ramsey noted that the Commission's staff report warned the higher factor could cause pollution, wasting of gas and pipeline bottlenecks in some areas.

A major oil company spokesman said Texas crude oil stocks are down 4.5 million barrels from 1969. A rapid decline in imported oil was noted.

September allowable would provide for a maximum daily production of 4,166,870 barrels, although actual production is estimated at 3,409,000 barrels a day. Latter is just under the written nominations of major purchasers for 3,428,395 barrels of crude daily. Production in August at 70 per cent factor was estimated at 3,310,000.

### MERCURY RULES URGED

Texas Water Quality Board has been urged to adopt tougher mercury discharge limits or outlaw discharges outright.

A Federal Water Quality Administration official and a top Texas Parks and Wildlife Administrator recommended even

coastal waters and in certain tighter controls on mercury and other heavy metals than proposed by the Board.

Spokesmen for Diamond-Shamrock Chemical Company and American Smelting and Refining Company, on the other hand, argued that the proposed five parts per billion mercury discharge level is beyond their capacity. They called for a delay in adoption of the standards.

Federal officials took exception to the state Board's order which said there is no evidence of public health hazard from heavy metals contamination in Texas. He pointed to mercury found in industrial discharges, species of salt water fish and shell fish. He noted, in particular, industrial waste along the Houston ship channel and in Lavaca Bay.

### CELIA JOBLESS AID PAID

Texas Employment Commission will pay disaster unemployment assistance to persons unemployed as a result of Hurricane Celia in a dozen South Texas counties.

These are Atascosa, Aransas, Live Oak, McMullen, Bee, Jim Wells, Nueces, San Patricio, Refugio, Goliad, Karnes and Wilson Counties.

Those eligible include persons who worked or were scheduled to work in the areas but who no longer have jobs or places to work or could not reach their place of work because of storm damage.

Also eligible are those who lived in areas and could not get out to work elsewhere.

### APPOINTMENTS

Gov. Preston Smith reappointed Dave Smith of Austin to the board of trustees of the Employees Retirement System of Texas.

Governor also reappointed Paul G. Veale of McAllen and W. M. Bell of Donna to the Rio Grande Valley Municipal Water Authority board of directors and Dr. Frank Lamont Jennings of Galveston and Thomas Frank Jenkins of Winnie to the Gulf Coast Waste Disposal Authority.

## OLD PHILOSOPHER

Dear editor:

The way it looks to me, science has now reached the last straw in claiming to uncover frauds. It was one thing to have it report breakfast foods don't amount to much (it used to be said that the proof of the pudding is in the eating, but not now; the proof of the pudding now is in its nutritional analysis as reported to a Congressional investigating committee), or that mouth washes are mostly worthless after 5 minutes, or that many cities' water systems are far under par, or that some cars are un-safe, or that one pain pill is about as good as another, but according to an article I read in a newspaper last night, the last pillar of faith has been destroyed.

According to it, a scientist in California is now claiming that ants are lazy.

That's right. He said after studying ant hills scientifically he's found that individual ants spend a great deal of time just loafing, and the females spend a lot of time primping.

When you watch an ant hill you get the notion of a tremendous amount of activity, he said, but that's because there are so many ants and they all look alike. If you single out one and watch him closely, you'll find half the time he isn't working at all. This is hard to handle. You mean to tell me that despite all the moral allusions throughout the history of man the ant has been no better worker than a grasshopper? Where can a slug-gard look to if he can't look to the ants?

And yet come to think of it, the grasshopper, who is said to spend his summer frolicking his time away with no thought for the morrow, seems to be as prevalent today as he was centuries ago.

That does it. I'll tell you the foundations of the world are being undermined. Pass me another bowl of cereal. I'm going to be as busy as an ant today.

Yours faithfully,  
J. A.

## Letters to the Editor

August 24, 1970

Dear Frank:

I want to commend you on your fine editorial in the August 6 edition of The Cameron Herald entitled "Times, Schools are Change." The editorial has excellent information concerning education not only in our area, but in all of the State of Texas. I especially appreciate the underlying theme of the editorial that local people should take the initiative in consolidation in order to achieve the best education for the youth who will soon become leaders in this great country.

As you know, HB 300 in the past legislative session would have made consolidation mandatory, but it is my opinion that local people should take the initiative. I am proud of the action taken in the Rosebud-Lott area and again here in Milam County.

Your editorial brings insight to so much that is needed in the education realm. The people must and should decide this issue.

Sincerely yours,  
Dan Kubiak

Dear Mr. & Mrs. Luecke: I want to thank both of you for giving us such a nice front page publicity on our Farm Bureau Queens Contest. We know without this publicity you gave us, our contest would not have been such a great success.

Very truly yours,  
John A. Smith  
State Director

## DrugEdGrant Approved

Texas will receive a new \$126,205 federal grant to help finance the first year of its public school drug education program, according to Rep. Dan Kubiak's August 21 newsletter.

Dr. L. Harlan Ford, Texas Education Agency assistant commissioner, informed Kubiak's office of the grant.

The new grant, third highest in the nation awarded under the Education Professions Development Act, will finance special teacher training programs and other steps necessary to make drug education a part of the statewide curriculum, according to Dr. Ford.

The 1970-71 school year will focus on training, the next school year on pilot testing ideas in all grades. Final implementation of the drug combating program will begin in September of 1972.

### JOB TRAINING

Rep. Kubiak reported on a job needs review by Texas Employment Commission, at his request, reveals an average of 31 jobs per community available in Marlin, Bremond, Calvert, Hearne, Rockdale, Thorndale, Cameron, Buckholts and Rosebud.

Trained personnel are needed to fill the jobs, he said.

Plumbers, electricians, carpenters, mechanics, seamstresses, repair men of all kinds - air conditioning, radio, TV - and many others are vitally needed, the review showed.

"We have requested money to train these individuals so that they can work in the communities where they reside," Kubiak said. "We have to keep our towns growing."

## make it all electric!

And you'll make your mobile home, or permanent home . . . a pleasure palace of luxury.

Electric central heating and air conditioning—all electric kitchens and lighting (indoors and outdoors) all make life more enjoyable . . . even in today's modern mobile homes . . . and even in the rural areas . . . because the BRAZOS SYSTEM is there. and other consideration: 598  
acres out of the David Houston  
league, Milam Co.

Baker Is  
Coordinator  
For CTCOG

Gerald Ray Baker of Temple  
has been hired as law enforce-  
ment program coordinator for  
the Central Texas Council of  
Governments (CTCOG), Charles  
Cass, executive director of CT  
COG, announced.

Baker, a Texas highway pa-  
trolman, will resign from the  
Texas Department of Public  
Safety and assume his new duties  
about August 24.

Baker, 32, was voted "Out-  
standing Law Enforcement Of-  
ficer - 1969" by the Temple  
Jaycees, has been a highway pa-  
trolman for six and a half years,  
was formerly a member of the  
Arlington Police Department and  
is an Army veteran.

Programs to be coordinated by  
Baker will be law enforcement  
education and training, youth  
program development and the  
research and development pro-  
gram.

Baker will spend 60 per cent  
of his time in the field coordi-  
nating law enforcement programs,  
including work through Central  
Texas College and also law en-  
forcement agencies in Bell, Cor-  
yell, Hamilton, Lampasas, Mil-  
lam, and Mills Counties.

# Cotton Harvest Starts In County

By J. D. Moore

Cotton harvest should get into full swing by the first week in September with light harvest from "hot spots" showing up the latter part of August.

The first bale of Milam County cotton was ginned at Thorndale on August 10 and was brought in by Walter Iselt of the Thorndale Community.

According to the crop reporting service, Milam County's average 1969 lint yield per acre was 200 pounds harvested from 28, 100 acres. The 1970 yield should be similar to these figures. It is a little early to predict the final outcome of the 1970 cotton crop.

Cotton farmers should make proper preparations and exercise recommended safety precautions for the use of cotton defoliants and desiccants.

"Keep the materials in their original, properly labeled containers, away from human food or animal feed, fertilizers, seeds, insecticides and fungicides," Fred C. Elliott, Extension Cotton Specialist, advises.

## SCS News

Grass is important to all of us. Grass gives protection from floods, provides food for humans, livestock and wildlife, and protects our cities' water supply. With it being so important to us we should take better care of it.

One of the best ways to improve our native grassland and increase production from it is through a rotation deferred grazing system.

A deferred rotation grazing system is a systematic method of grazing and resting pastures. Two or more pastures of about equal carrying capacity are needed. Then one pasture is given a rest while the remainder are grazed.

After a period of 3 or more months the livestock are rotated leaving a different pasture without livestock and grazing the remaining pastures. This is continued until each pasture has received a rest of 90 or more days and then started all over again.

It should be noted that a rotation grazing system should be started during a period of high plant growth. A good time is April or May and it should not be attempted if the native grassland is over stocked.

The benefits of a deferred rotation grazing system are many. More grass will be produced because the more palatable grasses, which livestock graze harder than the less palatable ones, will be given time to grow and store extra nutrients in their roots than they normally would. More seeds will be produced by the better grasses which will eventually lead to more production.

Another benefit of rotation deferred grazing system is that rangeland will be able to withstand drought better because of the increased size of the root system and increased amount of litter which will shade the soil and increase the organic matter in the soil.

For more information on rotation deferred grazing systems consult your local Soil and Water Conservation District and Soil Conservation Service.

## Jones Prairie

By Mrs. Bill Thweatt

Rev. Ben Curtiss and Mrs. Curtiss and a friend of theirs, Don Johnson of Baylor were at Sunday worship service. Rev. Curtiss brought the message for the morning service.

Mr. and Mrs. Billy Thweatt and daughters Susan and Staci of Georgetown visited Mrs. Bill Thweatt Sunday.

Miss Dell Jean Senkel and Paul Ray Senkel went on vacation last week. They were in San Antonio, Nixon and other places in the southwest part of the state.

Visitors at Sunday worship services were Mr. and Mrs. Dirolamo and children of Long Island, N. Y. Mr. and Mrs. Hope Jamison Jr. and children of Angleton and Miss Sherry Florida of Calvert and Bobby Yates of Maysfield.

Mrs. Bill Thweatt and Mrs. Vina White visited Mrs. Roy Yates Tuesday afternoon.

Sunday dinner guests of Mr. and Mrs. Hope Jamison were Rev. and Mrs. Ben Curtiss, Don Johnson, Mr. and Mrs. Hope Jamison Jr. and family.

Mr. and Mrs. Walter Senkel visited Mrs. Otto Schultz of Cameron Sunday. The Otto Schultz Jr. family were there from Temple also.

## 576 Enroll At Rogers Schools

ROGERS

The Rogers Public Schools opened with a bang Monday morning with more new students enrolled than at any time in recent years, according to Supt. B. F. Harbour.

One additional teacher was added this year and the rooms are still crowded.

Rogers High School enrolled 170 students the first day compared to 165 the first day in 1969-70. The Rogers Elementary School enrolled this year 392 students as against 349 last year.

The total increase of this school opening over the first day of 1969-70 is five in high school, 43 in elementary school or a total of 48 increase over the first day last year. Total enrollment Monday in Special Education was 14, making a grand total of 576.

### PERSONNEL HONORED

The faculty and office personnel of the Rogers Public Schools were honored the first day of school by officers of the Rogers High School Student Council. This courtesy was held in the cafeteria. Coffee, cold drinks, and cookies were served.

The officers of the Student Council for 1970-71 are: Gail Hughling, president; Thomas Green, vice president; Diane Psenick, secretary - treasurer; and Janet Guess, reporter - parliamentarian.

Corn and Grain Sorghum demonstrations harvested - Two 4-H boys will soon be receiving word as to how their field crop demonstrations fared this past growing season.

Clyde Jistel had 4 varieties of grain sorghum for one of his projects while Julius Tepera used a corn demonstration with 3 varieties of corn. Both of these young men are outstanding 4-H members and have excellent records.

### WATCH FOR SCREW WORMS

Texas is credited with 78 of 99 screw worm cases so far confirmed in the nation for 1970. While this is a small number of cases, point out officials of the eradication program, it is important that the number be dropped even lower. Stockmen are advised to continue their regular checking of all animals and to treat all animal wounds with a recommended material; to spray the herd when possible with a recommended product and keep right on collecting and submitting worm samples to the Mission Laboratory for positive identification.

By Danny Phillips

I would first like to take this opportunity to say "hello" and "thank you" to the people of Milam County for the warm greeting that my wife and I have received since moving here. We are looking forward to becoming a part of your county working with you, and becoming your friends.

This past week has been a busy one for some of our county 4-H members.

The Rockdale 4-H club conducted a field day tour of 4 places in Cameron last Tuesday. The group consisting of Peggy and Deborah Stephens, Danny and James Perry, Nan, Alan and Darla Noack and adult leaders, Mrs. Preston Perry and Mrs. Boyd Stephens visited the Magna - Craft Furniture Company, Cocoa Cola Bottling Company and the courthouse and jail.

Afterwards the group was joined by the CHDA, Christine Laws and Asst. CAA Danny Phillips for a picnic at the park in Cameron. An enjoyable time was had by all.

## Farm Bureau Holding Presidents Conference

Robert Jungmann, of Buckholts president of the Milam County Farm Bureau, will represent this county at a statewide President's Conference Aug. 27-28 in Brownwood.

The Brownwood meeting is part of a statewide effort involving county Farm Bureau leaders in developing a plan to upgrade the Farm Bureau Program in Texas. Presidents of the 203 organized county units in the state are expected to attend the two-day session.

"Our county organization is taking an active part in helping create a more effective organization that will better serve the needs of farmers and ranchers in the years ahead," Jungmann said.

The Milam County Farm Bureau Board of Directors held a special meeting July 2 to evaluate the total Farm Bureau program and to make suggestions that will be incorporated in the ideas to be considered at Brownwood.

At the Presidents' Conference, the county leaders will also receive a report from a team of specialists from Texas A&M University on projected changes in market demand, financing agricultural operations, costs of production, numbers of agricultural producers, etc.

The leaders will be separated into group workshops, based on

subject matter, to consider both the reports from counties as well as the information supplied by the agricultural experts. They are expected to recommend programs for making the organization more effective on both county and state levels.

County presidents will caucus by districts to make nominations for a statewide committee of county leaders. Primary purpose of the committee will be to draft and recommend to the Texas Farm Bureau ways and means of servicing county Farm Bureaus.

County Farm Bureaus will be asked to designate a small committee within each county to implement county programs given top priority.

# TOWN and COUNTRY

GUEST ROPERS at the horse show featured during the recent grand opening of Rancho del Caballos in San Marcos were Paul McDermott, right, and Erskine McDermott, center. They are shown with Lt. Gov. Ben Barnes and Charlene McDermott, left. The local youngsters took part in exhibition roping at the show. They were accompanied to the opening of the new training and stabling facility by Mr. and Mrs. Curtis Barron.

## Dry Spell Causing Tree Stress

Falling yellow and brown leaves are a sure sign of Fall -- but when leaves fall in August, it may be a sign of a dying tree.

State horticulturists and nurserymen are reporting signs of drought distress on trees, especially those with shallow root systems, such as Chinese elm, mimosa, sycamore and mulberry.

A tree loses water through its leaves, the specialists explain. To equalize the amount of water being lost through the foliage and water being taken in by the roots, a tree will shed leaves and continue doing this until it dies.

Heavy spring rains cause feeder roots to climb to the ground's surface. Later, extended periods of hot and dry weather evaporate water near the surface, nutrients in the soil become insoluble and the tree "starves to death."

The experts advise "sub-irrigation," using a root-feeder. The device can be attached to a garden hose then pushed in the ground near the tree in question.

The ground surrounding the tree should be saturated with water using this method about once a week during a dry period.

Watering a tree in lawn - fashion will only bring roots closer to the surface and cause further damage, they added.

### AGRICULTURE NO WEAKLING

Agriculture comprises the largest single market for labor and industry. Agriculture employs 5 million people, more than the combined employment in transportation, public utilities, auto manufacturing and the steel industry. It is a \$50 billion customer of the American economy.

The average size farm in the United States in 1969 was 377 acres, one-third larger than in 1959.

# ASCS NEWS

By Alva E. Sanders

On September 1, ASC community committee election ballots will be mailed to all known eligible farm voters.

Farm voters may vote for up to three of the candidates listed, or they may write in their choices on lines provided at the bottom of the ballot. To be counted, all ballots must be properly signed and mailed or returned to the County ASCS Office by September 11. Votes will be tabulated September 15, 1970, at 8 a.m. in the Milam County ASCS Office.

In each of the 8 ASC communities in the county, three community committeemen and two alternates will be elected. The candidate receiving the largest number of votes becomes chairman, the second largest vote - getter, vice - chairman; third - high, regular member; fourth and fifth highest become first and second alternates who may serve on the committee if regular members are temporarily absent or if a permanent vacancy occurs.

ASC community committees are elected for one - year terms, beginning October 1. It is very important that farmers elect their most qualified farm-neighbors for community committee posts. These community committees elect the County ASC committee and choose its officers. They also assist the County ASC Committee in local administration of Government farm programs and help keep farmers informed on how the programs affect individual farm operations.

Any farm owner, tenant, or sharecropper who is of legal voting age may vote if he has an interest in a farm and is eligible to participate in any ASCS program administered in his community. Others who may vote are: spouses of eligible voters; a minor who supervises and conducts the farming operation of an entire farm; a legal guardian who manages a farm for a child; and a person representing a legal entity such as a partnership or corporation.

Producers who have farm interests in more than one community may select the community in which to vote, but may vote in only one community in the county.

Voting by proxy is not allowed. Voters who certify their ballots with an "X" for a signature must do so before a witness and obtain the signature of the witness in order for the ballot to be counted.

A list of known eligible voters is open for inspection at the County ASCS Office. Any person who believes he is an eligible voter but who is not listed should get in touch with the County ASCS Office as soon as possible.

Any voter who has not received a ballot in the mail within a few days after September 1 should call the Milam County ASCS Office to arrange to receive a duplicate ballot if necessary.

## Maysfield

By Mrs. J. P. Wise

Mrs. Frank Patzke and sons Gene and Jay visited her sister and family the Johnny Yates several days last week.

Mr. and Mrs. Russell Cooper of Huntsville and Lloyd Cooper of Bastrop spent Wednesday night with their grandmother, Mrs. W. C. Cooper.

Mrs. E. S. Hollingsworth of Smithville spent Tuesday night with Mrs. J. P. Wise. She was enroute home after spending five days in Torbett Hospital in Marlin.

Mrs. Eldred Massengale returned home Sunday from Dallas where she has been visiting her daughter and family the Wesley Jarshes.

Mrs. Mariema Massengale, Mrs. Roy Newton, Mrs. W. C. Cooper and Mrs. J. P. Wise visited Mandy Wilkerson in the Hearne Rest Home Sunday. Mandy has been recently transferred from a rest home in Cuero to the Hearne home.

Weekend guests of Mrs. Leota Thweatt were her children, Mr. and Mrs. Herbert Thweatt and baby of Austin and Mrs. Lanette Vrana of Houston.

## the good earth

Of all the planets yet known, Earth alone can sustain man—offering him air to breathe, water to drink, food from the land and resources to improve his society.

Ours is a precious environment . . . to be held in trust for tomorrow.

And concern for our total environment is one Texas Power & Light shares . . . deeply, with all of you.

# Obituaries

## Mrs. Hays

Mrs. John Hays, 75, died at 6 a.m. Sunday in a Taylor hospital.

She was born August 10, 1895 at Kerens and had lived in Cameron for the past 50 years.

Funeral service was held at 2:30 p.m. Monday at the First Baptist Church, the Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Surviving are one son, Bobby

Hays of Taylor; one daughter, Mrs. Johnnie Gibbons of San Antonio; three sisters, Martha Spurger of Houston, Georgia Bain of Kerens and Essie Bain of Kennedy; and four grandchildren.

Palbearers were Narvie Caperton, Vaughn Thweatt, Kenneth Thweatt, Bill Peck, Sigfried Backhaus, David Hart, Jack Tomlinson, and Henry Litzman.

Marek - Burns - Laywell Funeral Home was in charge of arrangements.

## J. L. Payne

James L. Payne, 58, died in a Temple hospital Sunday following a heart attack. He had lived in Rockdale before moving to Temple.

Funeral services were at 4 p.m. Tuesday at Phillips and Luckey Funeral Home chapel, the Rev. D. D. Simpson officiating. Burial was in the IOOF Cemetery.

He is survived by his parents, Mr. and Mrs. W. W. Payne of Rockdale; two daughters of California; four brothers, Bill Payne of Rockdale, T. L. Payne of Houston, Garland Payne of Los Angeles, Calif., and Tom Payne of Temple; and three sisters, Mrs. Jewel Mikula of Waco,

Mrs. Bert Gott of Loraine and Mrs. Lillian Piva of Tacoma, Washington.

## J.A. Taylor

James A. (Toastie) Taylor, 73, of Buckholts, died in a Temple hospital early Monday morning following a long illness.

He was born October 1, 1896 in Fayette County but had lived in Buckholts since he was two years old. He was a former constable of Buckholts.

Funeral service was held at 3 p.m. Tuesday in the chapel of Green Funeral Home with Rev. C. A. Kent officiating. Bur-

ial was in Corinth Cemetery.

Surviving are his wife, Mrs. Mina Lewis Taylor of Buckholts; two brothers, Benjamin Roy Taylor of Midland and Rev. W. K. Taylor of Killeen; two sisters, Mrs. O. B. Weaver of Killeen and Mrs. Jennie Lopez of Rockdale.

Green Funeral Home was in charge of arrangements.

**PREVENT RANGE FIRES**  
Preventing range fires is every person's business and fire now is a real hazard to dry range and pasture forage. Beef steaks, lamb chops and other meat and milk products get their start on some grazing animal.

## BUCKHOLTS

By Mrs. Edwin Gandy

The people of Buckholts were sorry to hear about the death of Arthur Taylor this week.

Mr. O. W. Whittington, who has been a patient in Scott and White Hospital is home and is improving.

Mr. and Mrs. C. R. Criswell were on the sick list last week but both are better.

Those visiting in the home of Mr. and Mrs. Orba Arnold during the week were Mr. and Mrs. Luther Eicken from Corpus, the Coy Gandys from Waco. Those visiting on Sunday were Mr. and Mrs. Fred Cochran from Rosebud and their daughter Mrs. Bill

CAMERON, TEXAS, HERALD, AUGUST 27, 1970 PAGE 5

Whitten from Round Rock. Mr. Joe Krall is a patient in Johnnie Sue Eaton's little daughter Donna Sue is a patient in Newton Memorial Hospital. Kings Daughters Hospital in Temple.

**B TEAM GAMES**  
Same schedule, Thursday nights, except for October 30. The B team will play Temple B there.

This fact I believe will make my job a little easier. There are so many different and interesting things to write about teens that if I can charge up enough energy I might be able to present a composition to you regularly.

I now welcome my fellow students back to school - isn't it wonderful having to get your tired, aching body up at 7 in the morning, rush frantically to school and then sit through first period class where neither you nor the teacher has enough energy yet to do anything except yawn in each other's face.

I may be over - exaggerating the situation a bit, but for the first few days things do seem pretty dismal. But whether we admit it or not we're all in a way glad to be back in school, whether the reason be to see old friends and meet new ones or just to finally have something definite to do.

Speaking of old and new faces, the office of principal of Yoe High for several years, resigned his post this summer and took a new principal assignment in Olin, Texas.

Taking Mr. Fuqua's place here in Cameron will be Mr. Jack Chubb from Texarkana, Texas. I'm sure Mr. Chubb will do a great job as principal, nevertheless Mr. Fuqua will be missed.

Mr. Fuqua was a good administrator and a just but firm disciplinarian. Mr. Fuqua had earned the respect of students, teachers and parents for his performance of the duties of principal under pressure from all sides on all issues. I believe he handled very well the big "hub-bub" over hair length last year, conforming to board policy while still trying to listen to the students.

## Doors of Yoe 1970

By John Ben Sutter

For those of you who skipped reading the by-line, my name is John Ben Sutter and I welcome you to the first in a series of columns entitled "Doors of Yoe, 1970". It's my hope that through these articles you will come to better know and understand the typical teen-ager in the high school situation.

Before I continue, allow me to note my hesitancy at the use of the word "typical" before teen-ager - there are really no such creatures as "typical teen-agers."

You can gather particular characteristics of teen-agers - dress styles, food and music preferences, study habits - and categorize certain teens into certain rosters, but you really can't lump all the characteristics together and proclaim certain teens "typical."

The interests, preferences and characteristics of teens are so widely diversified that it makes the "typical" teen-ager virtually impossible. Of course, this is true of all generations but more so of the adolescent generation since the adolescent has recently become really interested and aware of his world and as yet has no unalterable patterns to hold his interests and natural curiosity down.

We, the students of Yoe High, wish him luck in his new assignment. And good luck also to Mr. Chubb.

Mr. Chubb is a very amiable person and is really interested in the individual student. When confronted with a male student with relatively long hair who was preparing to discuss the pros and cons of long hair, Mr. Chubb made the statement, "First of all, I would like to just tell you that I don't judge a man by the length of his hair." The student was left somewhat speechless and I myself will let Mr. Chubb's words stand on their own excellent merit.

The administration thanks the Student Council members for their help during the past few days. Several S C members helped with registration last week and the entire Student Council helped with book distribution Monday.

**HAPPY PRIDE** is reflected in the faces of Cameron's Cardinals as they display individual trophies won in the State Little League tournament, where they took third place. The team expresses thanks and appreciation to everyone who helped to send them to Brownwood for the contest. Bottom row, left to right: Curtis Wise, Alan Jones, James McCullin, James Thompson, Rudy Barbosa, Ronnie McCall. Middle row, left to right: Mark Michalka, Dennis Hollas, Gene Goeke, Joey Mondrik, Donny Marek. Top row, Mike Barr, James Hardin, Joe Smitherman, Gerry Heltman, Richard Raymonte. Coaches Joe Mondrik, top left, and Joe Lee Heltman share the Cardinals triumph.

James McCullin, James Thompson, Rudy Barbosa, Ronnie McCall. Middle row, left to right: Mark Michalka, Dennis Hollas, Gene Goeke, Joey Mondrik, Donny Marek. Top row, Mike Barr, James Hardin, Joe Smitherman, Gerry Heltman, Richard Raymonte. Coaches Joe Mondrik, top left, and Joe Lee Heltman share the Cardinals triumph.

**HEAT UP THE SKILLET** - A big skillet, too, to hold this 60-pound yellow cat caught in Little River Friday night. The lucky fishermen are from left, Danny Henson, Lee "Bubba" Moody, and Nig Moody Sr.

A set line baited with carp enticed this one, and the cat wrapped the line around an underwater limb. Bubba waded out, unbound the line, and the fish was hauled in.

## Barbecue To Honor Cong. Pickle

**TAYLOR**  
Both U. S. Senators from Texas, two ranking Committee Chairmen and a Federal Circuit Judge will be honored as special guests at the bi-annual stag appreciation barbecue for Cong. Jake Pickle.

Senators Ralph Yarborough and John Tower plus U. S. Representatives George Mahon and Bob Poage and Federal Circuit Judge Homer Thornberry will participate in the affair which has been in existence for over twenty years.

Mahon, from Lubbock, is Chairman of the House Appropriations Committee and Poage of Waco is Chairman of the House Agriculture Committee.

The Texas Senators, the two House members and Judge Thornberry are being recognized for their efforts on behalf of Central Texas and particularly for the San Gabriel River dam project in Williamson County. The project was begun in 1948 when Thornberry was the Congressman from the Tenth District.

Wilson Fox, co-chairman and an attorney from Taylor, announced, "For \$3.50 anyone can get a one-pound steak, all the refreshments and enough good fellowship to last him till we have the next barbecue!"

The Barbecue, rich in tradition, will be held on the banks of the San Gabriel River on the Fox Riverside Ranch, six miles north of Taylor, Thursday, September 3 at 7 p.m.

## San Gabriel News

By Mrs. Ralph Heisch

Mr. and Mrs. James Terry and Lynette left for Huntsville Sunday morning following the Sunday school hour. They visited Mr. and Mrs. Rockney Terry at Huntsville and the David Terry family of Houston on Sunday. On Monday Lynette entered Sam Houston University at Huntsville and her parents returned home.

Mrs. Bob Wimberly and Mrs. Hugo Linke attended the W.M.U. Houseparty in Waco this past week. Mrs. Linke with other ladies from the association attended the Houseparty on Tuesday, and Mrs. Wimberly attended Monday through Wednesday.

Mrs. Bessie Garner of Lubbock is visiting friends and relatives in this community, and attended worship services at San Gabriel Baptist Church Sunday morning. She was a member there for many years.

Mr. and Mrs. Leslie Hodge, Britt and Clay of Houston spent the weekend with her parents, Mr. and Mrs. Allen Conn and other relatives.

Gause News

By Mrs. Wanda Lee

Everyone is invited to a bridal shower Tuesday, September 1 honoring Mrs. Johnny Paul Alford (the former Hazel Thompson) at the Baptist Church Annex beginning at 7 p.m. Hostesses are Mrs. Jean Brown and Mrs. Mary Francis Matthews.

Mr. and Mrs. Hollis Matthews and Vince, Mr. and Mrs. George Light and Mr. and Mrs. Byron Wise were in Crockett Sunday where they visited Carl Turnage, who is in the hospital there.

Mrs. LeeRoy (Joann) Willard is a patient in Hearne General Hospital.

Mark and Margaret Gause were both burned Sunday night when they had an accident with hot grease. Margaret spent Sunday night in the hospital, but was able to come home Monday morning.

Mr. Brown Ely has been a patient in the Veterans Hospital in Temple.

Mr. and Mrs. Olan Coats of Morton visited several days with Mr. and Mrs. Alfred Coats, Sherri, Kay and Kevin.

Mrs. Wayne Lee, Craig, Kelly and Lance spent from Tuesday until Thursday of last week in Houston with Mr. and Mrs. Jim Lee, Cathy and Cheryl. Wednesday they spent the day at Hermann Park and Zoo.

Thursday night Mr. and Mrs. Wayne Lee and children visited

in Milano with Mr. and Mrs. Roy Gene Miller.

Mr. and Mrs. Bill Hull of Karnes City spent the weekend here.

The Douglas Johnson family of Houston visited with relatives over the weekend. Mrs. Johnson and children remained for the week to help care for the Willard children while their mother is in the hospital.

Mrs. Laura Ward left for her new home in De Ridder, La. last Friday.

Mrs. Garland Hux and children of Cameron spent Saturday with Mr. and Mrs. Cecil Butler.

SCHOOL NEWS

The Gause Elementary School began the 1970 - 71 semesters Monday, August 24th. The school

has a new supt. this year. He is Mr. Merrell Barfield and will be teaching the 5th and 6th grades and all 6 grades of science. Mrs. Ethel Slay has the first grade and will teach 3rd and 4th grade language studies. Mrs. Chaney has the 2nd grade and will teach 5th and 6th grade language studies. Mrs. Mozell Smith will be teaching 3rd and 4th grade and will teach all math, grades 1-6.

Mrs. Dorsey Wilson is a teacher's aid and teaches girls P.E. Mr. Dexter Worrell is substituting as a teacher's aid and boys P.E. for Mr. Bill Hairrell who is still a patient in the Marlin Veterans Hospital. Mrs. Dexter Worrell is in charge of the lunchroom. Mrs. Betty Jo Wadlington is driving the school bus, on the route and to Hearne.

The Gause school will observe the same holidays as the Hearne schools, the first one being Labor Day, September 7th.

Forty eight students enrolled the first day of school. The school will be able to obtain another teacher if 2 more students enroll.

Mr. Barfield reports a large number of activities are in the planning for the students through out the year.

STATE DRESS REVUE ENTRY - Peggy Stephens models the outfit that won her a top place in the senior division at the District 8 4-H Dress Revue. She will represent the District at the State Dress Revue to be held in Dallas in October.

Dress Revue Winner To Compete At Dallas

"The Teen Scene" was the theme for the District 8 4-H Dress Revue held July 23 at Tarleton State College at Stephenville.

Representing Milam County were Peggy Stephens of the Rockdale 4-H Club and Carolyn Helpert of Burlington 4-H Club. Peggy was in the senior division (14 yrs or older and 3 years of 4-H club work). Carolyn was in the junior division (12-14).

Peggy was selected as one of the four girls to represent District 8 at the State Dress Revue in Dallas in October. Carolyn received a red ribbon.

Peggy's outfit consisted of a red, yellow and gray plaid, 100% acrylic coat and scarf. The double breasted coat featured side pockets, set in sleeves, and bound buttonholes. The scarf was trimmed with red nylon fringe.

The coat topped a 100% Dacron Polyester knit sleeveless A-line

dress. Peggy's accessories included red crushed patent shoes, black leather gloves, and navy felt floppy hat and navy umbrella.

Carolyn's costume was a navy and white printed 100% combed cotton scooter skirt and ascot. The skirt featured lined panels in front and back and stitched pleats.

The 100% polished cotton blouse had long set in puffed sleeves with button cuffs and pointed collar. Carolyn's accessories included crushed leather loafers.

Cool Quickie

A cool and quick salad for lazy summer days is one of baked ham cut in julienne strips, crumbled mozzarella cheese, fresh spinach and celery, tossed with Italian salad dressing just before serving.

HD Agent Notes...

September Meal Ideas

By Christine Laws

Summer's almost over, school's beginning, and all the work involved in getting the kids ready is here. But the labor in fixing meals can be reduced--especially if you rely upon the convenience foods on the September Plentiful Foods List.

Canned peaches, canned apple sauce, peanuts, peanut products and dry split peas are plentiful. All of these can help to provide quick, easy, nutritious meals for your family.

Canned applesauce is a convenient side dish for ham and pork and can be served "as is" from the can. Or try mixing some mint or cinnamon flavoring in with it for a change. Pick up several cans to keep on hand for those "short notice" meals that every homemaker has to prepare. Stocks of canned applesauce are reported at record levels.

Canned peaches can be served plain or chilled, but are a delicious treat if broiled with a dab of mint or currant jelly in the center. Canned peach supplies Give the children a tasty snack of peanut butter cookies and milk when they get home from school.

Dry split peas are delicious in hearty soups. Green and particularly yellow dry peas are expected to continue in abundant supply.

As summer's heat starts to decrease, you'll probably want to enjoy your barbecue grill before winter gets here. A patio dinner of barbecued chicken can be a special delight during cooler weather, but you can still enjoy the tastiness of barbecued chicken even after it gets cold. Now is a particularly good time to do so, because broiler - fryers are plentiful.

The possibility of barbecued chicken is often overlooked after cold weather arrives. To barbecue in the range broiler, arrange the chicken skin side down, in the bottom of the broiler pan, without rack. Brush chicken with seasoned butter or barbecue

sauce and broil 7 to 9 inches from the heat. Turn chicken every 10 minutes, brushing it with the butter or sauce each time. Broil it until it is fork tender, nicely browned and crisp, or from 45 to 60 minutes.

For a quick barbecue sauce for chicken, try this.

BARBECUE SAUCE 1/2 cup ketchup, 3 tablespoons Worcestershire sauce, 2 tablespoons vinegar, 1 clove garlic, minced, 2 tablespoons brown sugar, 1/4 teaspoon dry mustard, Dash of Tabasco sauce, Salt, pepper to taste.

Combine ingredients. Brush on surface of meat and repeat every five to ten minutes during cooking time. Try some of these other appetizing chicken dishes.

Baylor Lists Summer Graduates

Mrs. Jean Tumlinson of Cameron was among August 21 graduates at Baylor University, receiving her BA degree in Spanish.

Area graduates included Rita Ann Jones of Rogers, BA in biology; Patricia Ann Borden of Rosebud, BA drama; Gladys E. Griffin and Martha Marie White both of Rosebud, MS education.

For most of the 437 graduates receiving degrees, the commencement exercises marked the culmination of four years of concerted effort. The ceremonies closed the university's 81st summer session.

Baptists Set Youth Led Revival

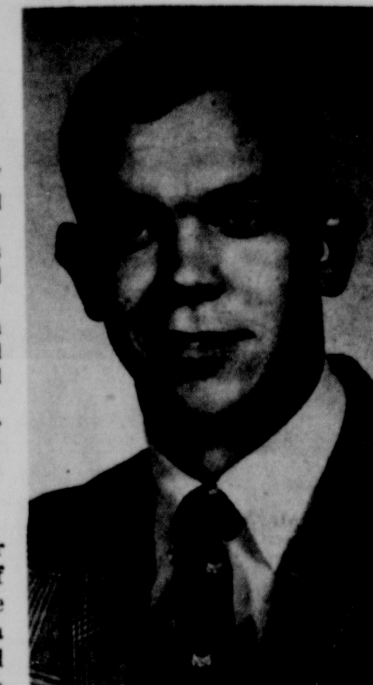

The young people of First Baptist Church, Cameron, are sponsoring a Youth Revival, Friday evening through Sunday evening, August 28-30.

Services will be at 7 p.m. each evening and at 10:55 a.m. Sunday morning.

Evangelist for the revival will be Jimmy Ranton who has conducted over 40 revivals. At present he is a student at Southwestern Baptist Theological Seminary in Fort Worth.

Music director will be Jack Boyd, who is the present Music and Youth Director at First Baptist. He will graduate from Baylor this month and plans to get his Master's Degree there.

"This is a youth-led revival and everyone is invited to come and see the positive side of what young people are doing today," Rev. James Lafferty said.

Evangelist Jimmy Ranton

Personal Mention

The Gene Blake family returned to Cameron this week and will reside at 802 E. 8th Street. The Blakes, former Cameron residents, have lived in Ponca City, Oklahoma for the past 12 years. Mr. Blake will assume active management of the Cameron Coca Cola Bottling Company.

Visitors in the John B. Henderson Sr. home over the weekend included Mrs. Henderson's sister, Mrs. F. E. Harrison of Ft. Worth, her greatniece, Nanci McNamara who is the current Miss Fort Worth, and Miss McNamara's fiancé Julian Williams of Dallas.

Mrs. Frank Kohut is a patient at St. Edward Hospital.

Visitors in the Melvin Weems home last weekend were Mrs. Martha Lucas of Ft. Worth, Bill R. Duncan of Hurst, the Robert Weems family of Chicago, Derrell Duncan of San Angelo and Sylvia Petty of Chicago.

Mr. and Mrs. Dude Caldwell, daughter Donna and niece Terrie Lee of Texas City spent Thursday with Mrs. Lula Wilkerson in the Cameron nursing home.

Miss Moore To Wed Mr. Kelley

Mr. and Mrs. Clyde E. Moore, of Temple have announced the engagement of their daughter Clydell Marie to Frederick Glenn Kelley, son of Mr. and Mrs. Arthur Kelley Sr. of Cameron.

The couple is planning a January 1971 wedding.

The bride-elect is an honor graduate of Dunbar High School of Temple and a graduate of St. Phillip's Junior College in San Antonio. She is a clerktypist at North Texas State University where she is a senior majoring in speech and hearing pathology.

The prospective bridegroom is an honor graduate of O. J. Thomas High School and is a senior at North Texas State University majoring in biology.

Sgt. Mraz Visits Here

Staff Sgt. Archie L. Mraz, formerly of Cameron and now serving with the U. S. Air Force, is visiting with his family, Mr. and Mrs. James M. Evard of Cameron.

Sgt. Mraz has just returned from a tour with the USAF at Udorn Royal Thai Air Force Base in Thailand. This first stop was at Blytheville AFB, Blytheville, Ark., to be reunited with his wife Mary and daughter Tonla.

He stopped in Cameron enroute to Holloman AFB, Alamogordo, New Mexico, where he is assigned as an inertial navigational technician.

MR. AND MRS. ERNEST ANDREWS

Rites In Houston Unite Miss Malone, Andrew

Miss Wanda June Malone, daughter of Mr. and Mrs. Wesley Malone of Milano became the bride of Mr. Ernest Andrews, son of Mrs. Bernice Mills of Norfolk, Virginia Saturday, July 25.

The double ring ceremony was performed at 8 in the evening at Harmony Wedding Chapel in Houston.

The bride wore a street length dress of white satin with nylon

eyelet lace coat featuring long puffed sleeves. Her headpiece was a fluffy chiffon rose and she wore a white orchid corsage with blue ribbon streamers.

Mrs. Rosemary Wheeler of Houston was matron of honor. She wore a blue cotton satin dress and a blue and white feathered carnation corsage.

Mr. Reginald Wilkins served as best man.

The bride's mother chose a blue knit dress for her daughter's wedding. Her accessories were of black patent and she wore a white carnation corsage.

Following the ceremony a small reception was held for the family and close friends.

The new Mrs. Andrews is a graduate of Milano High School and business college in Houston. She is presently employed at Mosher Steel Co. in Houston as supervisor of the IBM department.

Mr. Andrews is a surveyor for the Fisher Company at Houston.

The couple is at home at 1905 Welch Street, Houston.

Births

To Mr. and Mrs. L. V. Miller, Cameron, a boy, Mark Leron, 6 pounds 3 ounces, born 7:03 a.m. August 24 at St. Edward Hospital.

To Mr. and Mrs. Elvi Warwick, Jr., Cameron, a boy, Wesley Wade, 7 pounds 5 1/2 ounces, born 12:24 p.m. August 24 at Newton Memorial Hospital.

To Mr. and Mrs. Albert Aguilon of Maysfield, a boy, Mark Anthony, 6 pounds 15 ounces, born 7:30 a.m. August 22 at St. Edward Hospital.

## Services For Roy Setzer

Mr. Roy Setzer age 73 died at 10:30 Tuesday in a Cameron Hospital. He was born June 16, 1897 in Rogers and lived in Cameron the last 20 years.

Funeral service will be at 2 p.m. Friday at Marek-Burns-Laywell Funeral Home. Rev. H. M. Bowley will officiate.

Burial will be in the Val Verde Cemetery.

Survivors are his wife of Cameron, 2 sons James Setzer of Athens and Roy Setzer Jr. of Waco; 2 daughters, Mrs. Helen Nelson of Oklahoma City, and Mrs. Fay Quinn of Houston; 2 brothers, Harley Setzer of Groesbeck and Marshall Setzer of Temple; 2 sisters, Mrs. Cora Knight of Temple and Mrs. Mollie Henderson of Killen. Seventeen grandchildren and three grandchildren.

## Inspection Time For No. 9 Autos

AUSTIN  
Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today reminded Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large numeral "9" must be reinspected before midnight September 30.

Texas now operates on a 12-month inspection system. The inspection sticker in the lower left-hand corner of the windshield contains a large numeral showing the month of inspection and expiration.

Speir said vehicles with red stickers and the number "10" will require reinspection before midnight on the last day of October. Those with an "11" must be reinspected before the end of November, with a December 31 deadline for the red stickers numbered "12."

All motor vehicles and certain classes of trailers are subject to the mandatory inspection which includes brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system.

State law requires that inspections be made at privately owned official inspection stations which have been appointed and regulated by the Department of Public Safety. The statutory inspection fee is \$2 with adjustments or repairs extra if required.

## Person To TPL Post

R. T. Person, Jr. of Richardson has been named director of ecology management for Texas Power & Light Company, T. L. Austin, Jr., TP&L president, announced.

Person will supervise air and water quality control for TP&L as well as advising the Company on land use planning and environmental research.

Person was assistant to TP&L's Sherman district manager from 1969 to 1970. He joined the Company in 1966 as a public information assistant at TP&L's Dallas headquarters.

He is a graduate of Menlo College in Menlo Park, California, with a bachelor of science degree in business administration. He was graduated also from an environmental management school held this summer at Colorado State University in Fort Collins, Colorado.

In addition to Person's appointment, TP&L has formed an environmental management committee made up of specialists in water quality control, air quality control, chemistry, transmission and substation design, right-of-way and real estate.

# Get The Light From GOD'S LIGHTHOUSE

## GUIDE YOU TO HIS CHURCH

...what is it dad? To me it seems to be a multitude of jealous people, who have forgotten God, and are experimenting with scientific formulas that could tear us apart. What does it mean—"Am I my brother's keeper?"

What a thought for this age...for men who literally carry our lives in their hands. At best we are confused. The time-table is tipped in favor of total destruction. Why, oh why, will wise men "deaf-ear" God? He said, "I am the way and the truth." He gave us His church where we could learn to love each other more, but many a man refuses to be called to worship.

God, have mercy on all those who stray, and help us explain the world through love.

**You In The Church**  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

TAKING THE FIRST STEPS - Terri and Tammie Pack, twin daughters of Mr. and Mrs. Ira Pack, were among first graders entering a new world Wednesday morning as they went into Ben Milam School leaving mother to the unusual quiet of an empty house.

## 111

With F.M.L.

### INSTANT EDITORIALS

111 is not alone in commentary. Tour with us the first floor, stairs and bedside of 806 East Seventh St. "Smoking kills" leaps from the card in the library typewriter.

"Don't smoke--take a walk" suggests the card facing from one of the book-cases.

"Don't buy cigarettes" admonishes a card in a hall planter.

"No smoking in this house" says the card on the coffee table. "Don't do it!" adds a card across the living-room.

"Live a little--don't smoke!" notes the card in the kitchen.

"Don't smoke today!" says the card in the upstairs hall. "Don't smoke, MOTHER!" "Don't smoke, FATHER!" cards leaning at bedside lamps shout.

All of which means the campaign is direct, succinct and comprehensive.

It is safer to smoke a cigarette than bring up the subject. Our old average of 10 a day has been shot down. We walk more, wondering when the signs on the trees start popping up like the old "Burma-shave" highway campaigns of the 1930s and 1940s.

Martin and Leslie are smiling. They even up an old score which started with a toothbrushing campaign a few months ago.

And you're right. We're smoking less and they're brushing more. And during the withdrawal period, even from such a limited addiction as mine, it would be easier to eat the things than live with the reminders. . . or editorials . . . or whatever category those instant advisories would fit.

111-111-111

If we are ever as healthy as those two, we would gird with armor and charge

## Area Drouth Continues Grasslands Status 'Critical'

### Rain Vital For Winter Pastures

Cattlemen are facing prospects of a lean winter if it doesn't rain soon as pastures continue to burn up in the searing late August heat.

Reports from cattlemen in the Cameron area say that native Bermuda grass pastures are burned up, but pastures planted in Coastal Bermuda are still holding up fairly well except on hilly areas.

Short hay harvests, with poor second growth, also add to the discouraging picture, along with diminishing water in stock tanks.

Preparations for winter pastures are also waiting for moisture, stockmen explained. The ground is too hard to plow, or in cases where spring plowing was done, rain is needed to activate fertilizer.

One livestock grower, B. L. Franke, said this drouth is still not as bad as the summer of 1963, when only about 8 1/2 inches of rain fell between January and August.

"The cracks in the ground were so big that year that calves would fall in them," he said. If a vehicle happened to drive along into the cracks, the tires would fall in, he recalled. So far this year's cracks are up to five inches wide on his place.

Franke said he had started supplemental feeding for his cattle several weeks ago. He reported that he usually has oats coming up around the first of September, but the ground is too hard to plow, and "even volunteer oats have to be stirred."

Careful grazing on some of his cultivated pastures is "stretching" the grass but no growth is occurring, reported Reeves

Brown, stockman in the Salem area. Brown said he has been providing supplemental feed since July on some of his pastures, and his summer production of silage for winter feed was short this year.

"This might be a good year for stockmen to consider an irrigation investment for feed growing," he said, reviewing dry summers during the four years he has been ranching in the Salem area.

Low water levels in stock tanks, with attendant loss of oxygen and growth of germs can produce an unhealthy situation for cattle, he added.

Commenting on the drouth's effect on the livestock market, Brown said about the only market that suffers is the cull, as stockmen unload their poorer cattle. The canner cow market is holding well, however.

The present drouth is not so widespread as to affect the overall cattle market, Brown noted.

### Water Use Shows Rise

Water use in Cameron was averaging 1,600,000 gallons as the city marked off 87 successive days of hot, sunny weather with the exception of a 22 inch shower in late July.

Water use reached a peak on August 12 when city records show 1,880,000 gallons of water pumped in 24 hours, much of it onto Cameron lawns and gardens. Temperatures the previous day had reached a high for the summer of 109 degrees.

Although less than once inch of rain has been measured since June 1, the water table for the city is about average compared with rains recorded for the past 10 years.

A similar rain picture last year recorded .93 inch of rain in June, .53 in July, then 30 days of extremely high temperatures that were broken by a 2.18 inch rain on August 26. That rain touched off four days of temperature dropping showers.

Rain table for 1960 - 1970 shows Cameron rainfall, January through August of each year, contrasts from a low of 8.26 measured in 1963 to a high of 31.90 in 1968:

1960	24.70	1966	30.21
1961	18.85	1967	10.49
1962	16.42	1968	31.90
1963	8.26	1969	22.70
1964	15.79	1970	19.12
1965	28.41		

### Service Held For Mrs. May Hurt

Mrs. May Hurt, 76, a resident of Milano for the past 71 years, died in a Cameron nursing home Sunday night.

Funeral services were at 2 p.m. Tuesday at Phillips and Luckey Funeral Home chapel in Rockdale, minister Lloyd Hall officiating. Burial was in the Hurt Cemetery near Milano.

She is survived by two sons, Cecil Hurt and Jesse Ray Hurt, both of Milano; a brother, Walther Mathews of Rockdale; and four grandchildren.

600 HORSEPOWER FAN for Alcoa's Rockdale Works.

## Construction Starts On Alcoa Plume Cleanup

By truck and trailer, auxiliary equipment for Alcoa's lignite dryer chimney clean-up project at Rockdale Works is now arriving at the plant as part of a current \$1 - 1/2 million environmental project enters the actual construction stage.

The new equipment, to be installed in connection with a new 250-foot brick-lined chimney, has been designed to bring the dryer emission color well within Air Control Board limits.

To date, the 600-horsepower fan and Venturi Scrubbers have arrived, with ductwork and piping soon to come.

The present color problem occurs during the lignite drying process that removes most of the moisture from the lignite before charging to the boilers to generate electricity needed for the aluminum smelting process.

Attempts to develop equipment to abate this problem date back several years and involve expenditures of large sums of money and the efforts of Alcoa engineers, consultants from Texas A&M

University, and abatement equipment manufacturers.

Construction work on the 250 foot chimney is scheduled for completion during 1971 and will be the most recent addition to Rockdale Works' long and expensive list of scrubbers, precipitators, bag filter systems, etc., designed to help preserve the atmosphere in and around the Rockdale area.

More than \$8 million has been spent on pollution control at Rockdale Works alone, and in fact, 12 - 1/2% of the total cost of the company's newest potrooms went for pollution control equipment.

The fume control equipment included in Rockdale's two newest potlines involve Alcoa's sophisticated and most advanced system for removing gases and particles generated by aluminum smelters -- now being made available to other aluminum producers on a licensing basis.

And, to maintain this and other environmental equipment, more than 20 Rockdale Alcoa workers full time to preserve the environment.

## New FB Queen Reigns

Hamilton County Farm Bureau's queen candidate, Lucy Stearman, won the organization's District VIII title during a fast-moving two hour pageant staged in the Methodist Fellowship Hall Saturday evening.

Named runner-up was Bell County Farm Bureau's entry, Sara Ware.

They were among a field of six contestants representing counties scattered across the big Central Texas district. The other queen candidates were: Margaret Hopson, Coryell County; Keryn Morris, Lampasas County; Laura Scarborough, Travis County; and Linda Synatzske, Milam County.

John A. Smith of Cameron, District 8 Director, presided during the pageant, which was hosted by the Milam County Farm Bureau, and drew a crowd of about 250 FB members from all over the area.

An added feature of the program was performances by three Talent Find contestants -- Margaret Hopson, Sandi Waldrop and Jackie Bell. Miss Waldrop, who sang "Without A Dream In My Heart"

was named the winner, and Jackie Bell was runner-up in this event.

Miss Stearman, with brown hair and wearing a lavender formal with net ruffles, is a junior at Hico High School. She told Shivers in an interview on stage that she planned to attend Texas Tech, majoring in mathematics. She said she likes to cook -- "but I don't like to wash dishes" -- and prefers modern music.

Runner-up Sara Ware, who wore a white and red formal, said she liked riding horses as a hobby. She is the daughter of Mr. and Mrs. E. B. Ware and is a senior in Bartlett High school and a drum major in the band. She is the third of the Ware daughters to be named Bell County Farm Bureau Queen.

Miss Stearman succeeds Vicki Duncan as District 8 Queen, and was crowned by her as the climax of the program. She also received a bouquet of red carnations from Smith. She will compete in the state finals during the Farm Bureau's annual convention in November.

NEW QUEEN CROWNED - Texas Farm Bureau District 8 Queen Lucy Stearman, center, is crowned by Vicki Duncan, 1969.

70 queen. Contestants, from left: Keryn Morris, Laura Scarborough, Sara Ware, Linda Synatzske, and Margaret Hopson.

## Local Employers Asked To Help In Yoe Program

Interest and cooperation from local businessmen and individuals is needed to get a new program off to a good start at Yoe High School.

Classes in Home Economics Cooperative Education are the most recent addition to the Yoe High curriculum, according to Supt. D. R. Dodson.

The classes give junior and senior students both on-the-job and classroom education in a variety of occupations. Practical work experience will be provided through part time employment at cooperating business in Cameron.

The course can be taken for one or two years and earns two credits. The students receive pay comparable to that paid beginning workers in the same occupations.

A similar program has been offered for boys at Yoe High School by a vocational - agricultural cooperative program. It has been in effect for two years, with enthusiastic reports from employers and school personnel.

Typical occupations open in the home

ec program include those in clothing and textiles -- such as department and specialty shop assistants and cleaning establishments.

Hospitals, nursing homes, and convalescent homes offer opportunities for education as dietitian aide, food service employee, and companion to the elderly.

Appliance firms and utility companies can provide education for testing and demonstrating equipment, and floral design can be learned in florist shops. Housekeeping management assistants can start learning at motels, hotels, homes for the aged and, with supervision, in private homes.

Numerous other occupations are listed in the program's guidelines.

Mrs. Dorothy Foster will be teacher - coordinator for the program. She will be responsible for the selection and placement of students and will correlate their classroom and practical education.

An advisory committee of local business people has been set up by the

school to assist Mrs. Foster in organizing and operating the new program.

"The addition of this program will do much to fulfill a need for practical and useful training for youth," Yoe High Principal Jack Chubb said. "We hope it will enable a large number of our students to enter full time employment when they graduate from high school."

Businessmen and individuals who are interested in the program are asked to call Chubb at Yoe High School.

## Convinced The More.....

We are convinced patrons and leaders of Milano schools and community and Cameron schools and community can see the possibilities of about \$1.5 millions for the students of both districts.

Published budgets show the following figures for Milano and Cameron: \$232,229 (Milano) and \$959,300 (Cameron). That totals a \$1,191,529 budget combined, a sum even in inflated times which could raise the level of student development in the combined district.

These figures in no way include estimates of from \$300,000 to \$400,000 of incentive aid to the combined district, which would serve to alleviate concern over congestion in classroom or other immediate need for such a consolidation.

The total would be about \$1.5 millions in hard figures, not mere estimates which would benefit every child and adolescent in the new district.

It would create for the Milano high school student by next fall an additional 15 to 20 courses unavailable in his school this fall. And this gap is no fault of the Milano system; it is caught by the changing times, the greater demands for specialized classroom work, only possible with a larger district resulting from such a consolidation.

These are the big pluses. Milano, of course, would maintain a grade school system of six to eight grades of its own after any success-

ful vote for the consolidation September 12. The school, of course, is committed to function as a 12-grade system this year.

If these are not pluses enough for Milano leaders and students to evaluate, there are others, less important to education, but popular: AAA status in athletics and various drama, academic and speech competition, which means broader background for the high school student; AA competition this year, probably the last time, which brings strong Cameron district teams to and from schools, around Central Texas, and opportunity to go to state level limited by Class B athletic rules to regional competition. Last year Yoe High School went to regional in basketball, Cameron youngsters won third in Little League in state competition, regional in pony league, finished a strong second to AA power Georgetown in district.

These are a few of the pluses. The administrators and school boards of both independent systems could evaluate the greater number which would result from such a consolidation.

We are convinced, the more, that \$1.5 millions would serve one fine system of students from Milano and Cameron and it is certainly of merit for Milano and Cameron patrons and school leaders to consider, to advance and to approve.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

### THE UNEATABLE GROCERY BILL

Rep. John M. Zwach (Minn.) "... Almost every day, if we have the radio or television set turned on, we can hear someone commenting on the high price of food and leaving the impression that the farmer or the food store are profiting."

"We know that to be far from the truth. The prices the farmer receives for his products are lower today than they were 20 years ago. And the supermarket ends up with a profit of about a penny on a dollar of sales."

"I would like to insert in the Congressional Record an editorial from the Brainerd (Minn.) Daily Dispatch... which points out the part that transportation and preparation play in the final cost of our food." (Excerpts follow.)

The Economic Research Service of the U.S. Department of Agriculture has issued a booklet, entitled, "What Makes Food Prices?"

The booklet attempts to explain why food prices appear to be much higher than the

prices received by the farmer. "Today," the publication states, "We can buy more foods throughout the year than ever before, thanks to canning, freezing and other ways of keeping foods."

SEASONS DON'T EXIST IN FOOD STORES. Americans expect to buy lettuce, tomatoes, fresh fruit and other vegetables in January, the same as we do in August—even though they cost more.

Many of the foods are brought thousands of miles from warmer climates during off seasons—because people want them.

Another factor in food prices is that more foods are PRE-WASHED, PRE-PEELED, PRE-COOKED, PRE-MIXED and PRE-PACKAGED—preparation that costs more, but provides a convenience for which consumers are willing to pay.

It costs about \$60 BILLION a year to prepare, transport and distribute food to local stores. About 45 PERCENT of this sum goes to pay the five million people employed by the food industry. The supermarket ends up with a penny per dollar of sales.

The leaflet also points out, about one-fifth of most people's grocery bill ISN'T GROCERIES AT ALL. It is something to WEAR, LISTEN TO, READ OR TO CLEAN WITH.

The truth is that the U.S. mass distribution system in a free market has no equal for sheer economy and efficiency.

### A GRASSROOTS COMMENT

Everything costs more today. A close-up of the Cat or Dog's dish on television costs \$16,000 a minute on television, and not on prime time. Table scraps went the way of the garbage disposal. But as the editorial states, "The mass distribution system in a free market has no equal for sheer economy and efficiency.—J.C."

## Legislative Committee Views Court Reforms

By Vern Sanford

### AUSTIN

A legislative committee is sampling recommendations for sweeping court reforms, including creation of judicial system administrators with authority to send judges wherever they are needed.

Judicial section of the State Bar will detail its proposals at an October meeting in Galveston.

Judges and practicing attorneys gave the House judiciary sub-committee, at a hearing in the capitol, their ideas for improving and speeding up court machinery.

Sample recommendations include: "Strong court administration, including authority to ignore present district lines in assigning judges to duty where the action is."

"Giving 14 Court of Civil Appeals power to handle intermediate appeals of criminal, as well as civil, cases to ease load on overworked Court of Criminal Appeals (which now receives appeals direct from district courts all over the state)."

"Creation of a 'unified' court system (a variety of plans have been suggested) to insure an even work load on courts, again by shifting judges to areas where dockets are overloaded."

"Automatic judicial redistricting by a five-member board if the Legislature refuses to do the job."

"Removing judges from politics."

"Stiffer fines and jail sentences for contempt of court to help prevent court disruptions like those which have shocked the nation in recent months."

"Simplification of the judicial article of the state constitution so the Legislature can make necessary changes without having to submit constitutional amendments."

"The climate for judicial reform was never so good," Supreme Court Associate Justice Jack Pope told the committee members. "But if reform is passed up this session of the Legislature, it may be too late."

### OIL ALLOWABLE

Texas Railroad Commission boosted the oil allowable for September to 79.9 per cent of potential -- highest level since October 1951.

Order is seen as likely to boom production higher than during the Arab-Israeli war in 1967.

Chairman Ben Ramsey noted that the Commission's staff report warned the higher factor could cause pollution, wasting of gas and pipeline bottlenecks in some areas.

A major oil company spokesman said Texas crude oil stocks are down 4.5 million barrels from 1969. A rapid decline in imported oil was noted.

September allowable would provide for a maximum daily production of 4,166,870 barrels, although actual production is estimated at 3,409,000 barrels a day. Latter is just under the written nominations of major purchasers for 3,428,395 barrels of crude daily. Production in August at 70 per cent factor was estimated at 3,310,000.

### MERCURY RULES URGED

Texas Water Quality Board has been urged to adopt tougher mercury discharge limits or outlaw discharges outright.

A Federal Water Quality Administration official and a top Texas Parks and Wildlife Administrator recommended even

coastal waters and in certain tighter controls on mercury and other heavy metals than proposed by the Board.

Spokesmen for Diamond-Shamrock Chemical Company and American Smelting and Refining Company, on the other hand, argued that the proposed five parts per billion mercury discharge level is beyond their capacity. They called for a delay in adoption of the standards.

Federal officials took exception to the state Board's order which said there is no evidence of public health hazard from heavy metals contamination in Texas. He pointed to mercury found in industrial discharges, species of salt water fish and shell fish. He noted, in particular, industrial waste along the Houston ship channel and in Lavaca Bay.

### CELIA JOBLESS AID PAID

Texas Employment Commission will pay disaster unemployment assistance to persons unemployed as a result of Hurricane Celia in a dozen South Texas counties.

These are Atascosa, Aransas, Live Oak, McMullen, Bee, Jim Wells, Nueces, San Patricio, Refugio, Goliad, Karnes and Wilson Counties.

Those eligible include persons who worked or were scheduled to work in the areas but who no longer have jobs or places to work or could not reach their place of work because of storm damage.

Also eligible are those who lived in areas and could not get out to work elsewhere.

### APPOINTMENTS

Gov. Preston Smith reappointed Dave Smith of Austin to the board of trustees of the Employees Retirement System of Texas.

Governor also reappointed Paul G. Veale of McAllen and W. M. Bell of Donna to the Rio Grande Valley Municipal Water Authority board of directors and Dr. Frank Lamont Jennings of Galveston and Thomas Frank Jenkins of Winnie to the Gulf Coast Waste Disposal Authority.

## OLD PHILOSOPHER

Dear editor:

The way it looks to me, science has now reached the last straw in claiming to uncover frauds.

It was one thing to have it report breakfast foods don't amount to much (it used to be said that the proof of the pudding is in the eating, but not now; the proof of the pudding now is in its nutritional analysis as reported to a Congressional investigating committee), or that mouth washes are mostly worthless after 5 minutes, or that many cities' water systems are far under par, or that some cars are un-safe, or that one pain pill is about as good as another, but according to an article I read in a newspaper last night, the last pillar of faith has been destroyed.

According to it, a scientist in California is now claiming that ants are lazy.

That's right. He said after studying ant hills scientifically he's found that individual ants spend a great deal of time just loafing, and the females spend a lot of time primping.

When you watch an ant hill you get the notion of a tremendous amount of activity, he said, but that's because there are so many ants and they all look alike. If you single out one and watch him closely, you'll find half the time he isn't working at all.

This is hard to handle. You mean to tell me that despite all the moral allusions throughout the history of man the ant has been no better worker than a grasshopper? Where can a slug-gard look to if he can't look to the ants?

And yet come to think of it, the grasshopper, who is said to spend his summer frolicking his time away with no thought for the morrow, seems to be as prevalent today as he was centuries ago.

That does it. I'll tell you the foundations of the world are being undermined. Pass me another bowl of cereal. I'm going to be as busy as an ant today.

Yours faithfully,  
J. A.

## Letters to the Editor

August 24, 1970

Dear Frank:

I want to commend you on your fine editorial in the August 6 edition of The Cameron Herald entitled "Times, Schools are Change." The editorial has excellent information concerning education not only in our area, but in all of the State of Texas. I especially appreciate the underlying theme of the editorial that local people should take the initiative in consolidation in order to achieve the best education for the youth who will soon become leaders in this great country.

As you know, HB 300 in the past legislative session would have made consolidation mandatory, but it is my opinion that local people should take the initiative. I am proud of the action taken in the Rosebud-Lott area and again here in Milam County.

Your editorial brings insight to so much that is needed in the education realm. The people must and should decide this issue.

Sincerely yours,  
Dan Kubiak

Dear Mr. & Mrs. Luecke: I want to thank both of you for giving us such a nice front page publicity on our Farm Bureau Queens Contest. We know without this publicity you gave us, our contest would not have been such a great success.

Very truly yours,  
John A. Smith  
State Director

## DrugEd Grant Approved

Texas will receive a new \$126,205 federal grant to help finance the first year of its public school drug education program, according to Rep. Dan Kubiak's August 21 newsletter.

Dr. L. Harlan Ford, Texas Education Agency assistant commissioner, informed Kubiak's office of the grant.

The new grant, third highest in the nation awarded under the Education Professions Development Act, will finance special teacher training programs and other steps necessary to make drug education a part of the statewide curriculum, according to Dr. Ford.

The 1970-71 school year will focus on training, the next school year on pilot testing ideas in all grades. Final implementation of the drug combating program will begin in September of 1972.

### JOB TRAINING

Rep. Kubiak reported on a job needs review by Texas Employment Commission, at his request, reveals an average of 31 jobs per community available in Marlin, Bremond, Calvert, Hearne, Rockdale, Thorndale, Cameron, Buckholts and Rosebud.

Trained personnel are needed to fill the jobs, he said.

Plumbers, electricians, carpenters, mechanics, seamstresses, repair men of all kinds - air conditioning, radio, TV - and many others are vitally needed, the review showed.

"We have requested money to train these individuals so that they can work in the communities where they reside," Kubiak said. "We have to keep our towns growing."

## make it all electric!

And you'll make your mobile home, or permanent home... a pleasure palace of luxury. Electric central heating and air conditioning—all electric kitchens and lighting (indoors and outdoors) all make life more enjoyable... even in today's modern mobile homes... and even in the rural areas... because the BRAZOS SYSTEM is there. Don't worry about where you want economical and reliable electricity... or how we're going to get it there... just SWITCH US ON.

**Baker Is  
Coordinator  
For CTCOG**

Gerald Ray Baker of Temple  
has been hired as law enforce-  
ment program coordinator for  
the Central Texas Council of  
Governments (CTCOG), Charles  
Cass, executive director of CT  
COG, announced.

Baker, a Texas highway pa-  
trolman, will resign from the  
Texas Department of Public  
Safety and assume his new duties  
about August 24.

Baker, 32, was voted "Out-  
standing Law Enforcement Of-  
ficer -- 1969" by the Temple  
Jaycees, has been a highway  
patrolman for six and a half years,  
was formerly a member of the  
Arlington Police Department and  
is an Army veteran.

Programs to be coordinated by  
Baker will be law enforcement  
education and training, youth  
program development and the  
research and development pro-  
gram.

Baker will spend 60 per cent  
of his time in the field coordi-  
nating law enforcement programs,  
including work through Central  
Texas College and also law en-  
forcement agencies in Bell, Cor-  
yell, Hamilton, Lampasas, Mil-  
lam, and Mills Counties.

# Cotton Harvest Starts In County

By J. D. Moore

Cotton harvest should get into full swing by the first week in September with light harvest from "hot spots" showing up the latter part of August.

The first bale of Milam County cotton was ginned at Thornedale on August 10 and was brought in by Walter Iselt of the Thornedale Community.

According to the crop reporting service, Milam County's average 1969 lint yield per acre was 200 pounds harvested from 28, 100 acres. The 1970 yield should be similar to these figures. It is a little early to predict the final outcome of the 1970 cotton crop.

Cotton farmers should make proper preparations and exercise recommended safety precautions for the use of cotton defoliants and desiccants.

"Keep the materials in their original, properly labeled containers, away from human food or animal feed, fertilizers, seeds, insecticides and fungicides," Fred C. Elliott, Extension Cotton Specialist, advises.

## SCS News

Grass is important to all of us. Grass gives protection from floods, provides food for humans, livestock and wildlife, and protects our cities' water supply. With it being so important to us we should take better care of it.

One of the best ways to improve our native grassland and increase production from it is through a rotation deferred grazing system.

A deferred rotation grazing system is a systematic method of grazing and resting pastures. Two or more pastures of about equal carrying capacity are needed. Then one pasture is given a rest while the remainder are grazed.

After a period of 3 or more months the livestock are rotated leaving a different pasture without livestock and grazing the remaining pastures. This is continued until each pasture has received a rest of 90 or more days and then started all over again.

It should be noted that a rotation grazing system should be started during a period of high plant growth. A good time is April or May and it should not be attempted if the native grassland is over stocked.

The benefits of a deferred rotation grazing system are many. More grass will be produced because the more palatable grasses, which livestock graze harder than the less tastier ones, will be given time to grow and store extra nutrients in their roots than they normally would.

More seeds will be produced by the better grasses which will eventually lead to more production.

Another benefit of rotation deferred grazing system is that rangeland will be able to withstand drought better because of the increased size of the root system and increased amount of litter which will shade the soil and increase the organic matter in the soil.

For more information on rotation deferred grazing systems consult your local Soil and Water Conservation District and Soil Conservation Service.

## Jones Prairie

By Mrs. Bill Thweatt

Rev. Ben Curtiss and Mrs. Curtiss and a friend of theirs, Don Johnson of Baylor were at Sunday worship service. Rev. Curtiss brought the message for the morning service.

Mr. and Mrs. Billy Thweatt and daughters Susan and Staci of Georgetown visited Mrs. Bill Thweatt Sunday.

Miss Dell Jean Senkel and Paul Ray Senkel went on vacation last week. They were in San Antonio, Nixon and other places in the southwest part of the state.

Visitors at Sunday worship services were Mr. and Mrs. Dirolamo and children of Long Island, N. Y. Mr. and Mrs. Hope Jamison Jr. and children of Angleton and Miss Sherry Florida of Calvert and Bobby Yates of Maysfield.

Mrs. Bill Thweatt and Mrs. Vina White visited Mrs. Roy Yates Tuesday afternoon.

Sunday dinner guests of Mr. and Mrs. Hope Jamison were Rev. and Mrs. Ben Curtiss, Don Johnson, Mr. and Mrs. Hope Jamison Jr. and family. Mr. and Mrs. Walter Senkel visited Mrs. Otto Schults of Cameron Sunday. The Otto Schults Jr. family were there from Temple also.

## 576 Enroll At Rogers Schools

ROGERS

The Rogers Public Schools opened with a bang Monday morning with more new students enrolled than at any time in recent years, according to Supt. B. F. Harbour.

One additional teacher was added this year and the rooms are still crowded.

Rogers High School enrolled 170 students the first day compared to 165 the first day in 1969-70. The Rogers Elementary School enrolled this year 392 students as against 349 last year.

The total increase of this school opening over the first day of 1969-70 is five in high school, 43 in elementary school or a total of 48 increase over the first day last year. Total enrollment Monday in Special Education was 14, making a grand total of 576.

**PERSONNEL HONORED**

The faculty and office personnel of the Rogers Public Schools were honored the first day of school by officers of the Rogers High School Student Council. This courtesy was held in the cafeteria. Coffee, cold drinks, and cookies were served.

The officers of the Student Council for 1970-71 are: Gail Hughling, president; Thomas Green, vice president; Diane Paencik, secretary - treasurer; and Janet Guess, reporter - parliamentarian.

By Danny Phillips

I would first like to take this opportunity to say "hello" and "thank you" to the people of Milam County for the warm greeting that my wife and I have received since moving here. We are looking forward to becoming a part of your county working with you, and becoming your friends.

This past week has been a busy one for some of our county 4-H members.

The Rockdale 4-H club conducted a field day tour of 4 places in Cameron last Tuesday. The group consisting of Peggy and Deborah Stephens, Danny and James Perry, Nan, Alan and Darla Noack and adult leaders, Mrs. Preston Perry and Mrs. Boyd Stephens visited the Magna - Craft Furniture Company, Cocoa Cola Bottling Company and the courthouse and jail.

Afterwards the group was joined by the CHDA, Christine Laws and Asst. CAA Danny Phillips for a picnic at the park in Cameron. An enjoyable time was had by all.

Corn and Grain Sorghum demonstrations harvested - Two 4-H boys will soon be receiving word as to how their field crop demonstrations fared this past growing season.

Clyde Jistel had 4 varieties of grain sorghum for one of his projects while Julius Tepera used a corn demonstration with 3 varieties of corn. Both of these young men are outstanding 4-H members and have excellent records.

### WATCH FOR SCREW WORMS

Texas is credited with 78 of 99 screw worm cases so far confirmed in the nation for 1970. While this is a small number of cases, point out officials of the eradication department, it is important that the number be dropped even lower. Stockmen are advised to continue their regular checking of all animals and to treat all animal wounds with a recommended material; to spray the herd when possible with a recommended product and keep right on collecting and submitting worm samples to the Mission Laboratory for positive identification.

## Farm Bureau Holding Presidents Conference

Robert Jungmann, of Buckholts president of the Milam County Farm Bureau, will represent this county at a statewide President's Conference Aug. 27-28 in Brownwood.

The Brownwood meeting is part of a statewide effort involving county Farm Bureau leaders in developing a plan to upgrade the Farm Bureau Program in Texas. Presidents of the 203 organized county units in the state are expected to attend the two-day session.

"Our county organization is taking an active part in helping create a more effective organization that will better serve the needs of farmers and ranchers in the years ahead," Jungmann said.

The Milam County Farm Bureau Board of Directors held a special meeting July 2 to evaluate the total Farm Bureau program and to make suggestions that will be incorporated in the ideas to be considered at Brownwood.

At the Presidents' Conference, the county leaders will also receive a report from a team of specialists from Texas A&M University on projected changes in market demand, financing agricultural operations, costs of production, numbers of agricultural producers, etc.

The leaders will be separated into group workshops, based on

subject matter, to consider both the reports from counties as well as the information supplied by the agricultural experts. They are expected to recommend programs for making the organization more effective on both county and state levels.

County presidents will caucus by districts to make nominations for a statewide committee of county leaders. Primary purpose of the committee will be to draft and recommend to the Texas Farm Bureau ways and means of servicing county Farm Bureaus.

County Farm Bureaus will be asked to designate a small committee within each county to implement county programs given top priority.

# TOWN and COUNTRY

GUEST ROPERS at the horse show featured during the recent grand opening of Rancho del Caballos in San Marcos were Paul McDermott, right, and Erskine McDermott, center. They are shown with Lt. Gov. Ben Barnes and Charlene McDermott, left. The local youngsters took part in exhibition roping at the show. They were accompanied to the opening of the new training and stabling facility by Mr. and Mrs. Curtis Barron.

## Dry Spell Causing Tree Stress

Falling yellow and brown leaves are a sure sign of Fall -- but when leaves fall in August, it may be a sign of a dying tree.

State horticulturists and nurserymen are reporting signs of drought distress on trees, especially those with shallow root systems, such as Chinese elm, mimosa, sycamore and mulberry.

A tree loses water through its leaves, the specialists explain. To equalize the amount of water being lost through the foliage and water being taken in by the roots, a tree will shed leaves and continue doing this until it dies.

Heavy spring rains cause feeder roots to climb to the ground's surface. Later, extended periods of hot and dry weather evaporate water near the surface, nutrients in the soil become insoluble and the tree "starves to death."

The experts advise "sub-irrigation," using a root-feeder. The device can be attached to a garden hose then pushed in the ground near the tree in question.

The ground surrounding the tree should be saturated with water using this method about once a week during a dry period.

Watering a tree in lawn fashion will only bring roots closer to the surface and cause further damage, they added.

### AGRICULTURE NO WEAKLING

Agriculture comprises the largest single market for labor and industry. Agriculture employs 5 million people, more than the combined employment in transportation, public utilities, auto manufacturing and the steel industry. It is a \$50 billion customer of the American economy.

The average size farm in the United States in 1969 was 377 acres, one-third larger than in 1959.

# ASCS NEWS

By Alva E. Sanders

On September 1, ASCS community committee election ballots will be mailed to all known eligible farm voters.

Farm voters may vote up to three of the candidates listed, or they may write in their choices on lines provided at the bottom of the ballot. To be counted, all ballots must be properly signed and mailed or returned to the County ASCS Office by September 11. Votes will be tabulated September 15, 1970, at 8 a.m. in the Milam County ASCS Office.

In each of the 8 ASC communities in the county, three community committeemen and two alternates will be elected. The candidate receiving the largest number of votes becomes chairman; the second largest vote - getter, vice - chairman; third - high, regular member; fourth and fifth highest become first and second alternates who may serve on the committee if regular members are temporarily absent or if a permanent vacancy occurs.

ASC community committees are elected for one - year terms, beginning October 1. It is very important that farmers elect their most qualified farm neighbors for community committee posts. These community committees elect the County ASC committee and choose its officers. They also assist the County ASC Committee in local administration of Government farm programs and help keep farmers informed on how the programs affect individual farm operations.

Any farm owner, tenant, or sharecropper who is of legal voting age may vote if he has an interest in a farm and is eligible to participate in any ASCS program administered in his community. Others who may vote are: spouses of eligible voters; a minor who supervises and conducts the farming operation of an entire farm; a legal guardian who manages a farm for a child; and a person representing a legal entity such as a partnership or corporation. Producers who have farm in-

terests in more than one community may select the community in which to vote, but may vote in only one community in the county.

Voting by proxy is not allowed. Voters who certify their ballots with an "X" for a signature must do so before a witness and obtain the signature of the witness in order for the ballot to be counted.

A list of known eligible voters is open for inspection at the County ASCS Office. Any person who believes he is an eligible voter but who is not listed should get in touch with the County ASCS Office as soon as possible.

Any voter who has not received a ballot in the mail within a few days after September 1 should call the Milam County ASCS Office to arrange to receive a duplicate ballot if necessary.

## Maysfield

By Mrs. J. P. Wise

Mrs. Frank Patzke and sons Gene and Jay visited her sister and family the Johnny Yates several days last week.

Mr. and Mrs. Russell Cooper of Huntsville and Lloyd Cooper of Bastrop spent Wednesday night with their grandmother, Mrs. W. C. Cooper.

Mrs. E. S. Hollingsworth of Smithville spent Tuesday night with Mrs. J. P. Wise. She was enroute home after spending five days in Torbett Hospital in Marlin.

Mrs. Eldred Massengale returned home Sunday from Dallas where she has been visiting her daughter and family the Wessley Jashes.

Mrs. Mariema Massengale, Mrs. Roy Newton, Mrs. W. C. Cooper and Mrs. J. P. Wise visited Mandy Wilkerson in the Hearne Rest Home Sunday. Mandy has been recently transferred from a rest home in Cuero to the Hearne home.

Weekend guests of Mrs. Leota Thweatt were her children, Mr. and Mrs. Herbert Thweatt and baby of Austin and Mrs. Lanette Vrana of Houston.

## the good earth

Of all the planets yet known, Earth alone can sustain man—offering him air to breathe, water to drink, food from the land and resources to improve his society. Ours is a precious environment to be held in trust for tomorrow. And concern for our total environment is one Texas Power & Light shares deeply, with all of you.

TEXAS POWER & LIGHT COMPANY  
A true paying dividend is a clean environment.

# Obituaries

## Mrs. Hays

Mrs. John Hays, 75, died at 6 a.m. Sunday in a Taylor hospital. She was born August 10, 1895 at Kerens and had lived in Cameron for the past 50 years. Funeral service was held at 2:30 p.m. Monday at the First Baptist Church, the Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery. Surviving are one son, Bobby

Hays of Taylor; one daughter, Mrs. Johnnie Gibbons of San Antonio; three sisters, Martha Spurger of Houston, Georgia Bain of Kerens and Essie Bain of Kennedy; and four grandchildren.

Palbearers were Narvie Caperton, Vaughn Thweatt, Kenneth Thweatt, Bill Peck, Sigfried Backhaus, David Hart, Jack Tumlinson, and Henry Litzman. Marek - Burns - Laywell Funeral Home was in charge of arrangements.

## J. L. Payne

James L. Payne, 58, died in a Temple hospital Sunday following a heart attack. He had lived in Rockdale before moving to Temple.

Funeral services were at 4 p.m. Tuesday at Phillips and Luckey Funeral Home chapel, the Rev. D. D. Simpson officiating. Burial was in the IOOF Cemetery.

He is survived by his parents, Mr. and Mrs. W. W. Payne of Rockdale; two daughters of California; four brothers, Bill Payne of Rockdale, T. L. Payne of Houston, Garland Payne of Los Angeles, Calif., and Tom Payne of Temple; and three sisters, Mrs. Jewel Mikula of Waco,

Mrs. Bert Goff of Loraine and Mrs. Lillian Piva of Tacoma, Washington.

## J.A. Taylor

James A. (Toastie) Taylor, 73, of Buckholts, died in a Temple hospital early Monday morning following a long illness.

He was born October 1, 1896 in Fayette County but had lived in Buckholts since he was two years old. He was a former constable of Buckholts.

Funeral service was held at 3 p.m. Tuesday in the chapel of Green Funeral Home with Rev. C. A. Kent officiating. Bur-

ial was in Corinth Cemetery.

Surviving are his wife Mrs. Mina Lewis Taylor of Buckholts; two brothers, Benjamin Roy Taylor of Midland and Rev. W. K. Taylor of Killeen; two sisters, Mrs. O. B. Weaver of Killeen and Mrs. Jennie Lopez of Rockdale.

Green Funeral Home was in charge of arrangements.

## BUCKHOLTS

By Mrs. Edwin Gandy

The people of Buckholts were sorry to hear about the death of Arthur Taylor this week. Mr. O. W. Whittington, who has been a patient in Scott and White Hospital is home and is improving. Mr. and Mrs. C. R. Criswell were on the sick list last week but both are better.

Those visiting in the home of Mr. and Mrs. Orba Arnold during the week were Mr. and Mrs. Luther Eicken from Corpus, the Coy Gandys from Waco. Those visiting on Sunday were Mr. and Mrs. Fred Cochran from Rosebud and their daughter Mrs. Bill

CAMERON, TEXAS, HERALD, AUGUST 27, 1970 PAGE 5

Whitten from Round Rock. Mr. Joe Krall is a patient in Kings Daughters Hospital in Temple.

## Doors of Yoe 1970

By John Ben Sutter

For those of you who skipped reading the by-line, my name is John Ben Sutter and I welcome you to the first in a series of columns entitled "Doors of Yoe, 1970". It's my hope that through these articles you will come to better know and understand the typical teen-ager in the high school situation.

Before I continue, allow me to note my hesitancy at the use of the word "typical" before teen-ager--there are really no such creatures as "typical teen-agers."

You can gather particular characteristics of teen-agers--dress styles, food and music preferences, study habits--and categorize certain teens into certain rosters, but you really can't lump all the characteristics together and proclaim certain teens "typical."

The interests, preferences and characteristics of teens are so widely diversified that it makes the "typical" teen-ager virtually impossible. Of course, this is true of all generations but more so of the adolescent generation since the adolescent has recently become really interested and aware of his world and as yet has no unalterable patterns to hold his interests and natural curiosity down.

This fact I believe will make my job a little easier. There are so many different and interesting things to write about teens that if I can charge up enough energy I might be able to present a composition to you regularly.

I now welcome my fellow students back to school--isn't it wonderful having to get your tired, aching body up at 7 in the morning, rush frantically to school and then sit through first period class where neither you nor the teacher has enough energy yet to do anything except yawn in each other's face.

I may be over-exaggerating the situation a bit, but for the first few days things do seem pretty dismal. But whether we admit it or not we're all in a way glad to be back in school, whether the reason be to see old friends and meet new ones or just to finally have something definite to do.

Speaking of old and new faces, the office of principal of Yoe High for several years, resigned his post this summer and took a new principal assignment in Olin, Texas.

Taking Mr. Fuqua's place here in Cameron will be Mr. Jack Chubb from Texarkana, Texas. I'm sure Mr. Chubb will do a great job as principal, nevertheless Mr. Fuqua will be missed.

Mr. Fuqua was a good administrator and a just but firm disciplinarian. Mr. Fuqua had earned the respect of students, teachers and parents for his performance of the duties of principal under pressure from all sides on all issues. I believe he handled very well the big "hub-bub" over hair length last year, conforming to board policy while still trying to listen to the students.

We, the students of Yoe High, wish him luck in his new assignment. And good luck also to Mr. Chubb.

Mr. Chubb is a very amiable person and is really interested in the individual student. When confronted with a male student with relatively long hair who was preparing to discuss the pros and cons of long hair, Mr. Chubb made the statement, "First of all, I would like to just tell you that I don't judge a man by the length of his hair." The student was left somewhat speechless and I myself will let Mr. Chubb's words stand on their own excellent merit.

The administration thanks the Student Council members for their help during the past few days. Several S.C. members helped with registration last week and the entire Student Council helped with book distribution Monday.

**HAPPY PRIDE** is reflected in the faces of Cameron's Cardinals as they display individual trophies won in the State Little League tournament, where they took third place. The team expresses thanks and appreciation to everyone who helped to send them to Brownwood for the contest. Bottom row, left to right: Curtis Wise, Alan Jones,

James McCullin, James Thompson, Rudy Barbosa, Ronnie McCall. Middle row, left to right: Mark Michalka, Dennis Hollas, Gene Goeke, Joey Mondrik, Donny Marek. Top row, left to right: James Hardin, Joe Smitherman, Gerry Heltman, Richard Raymonte. Coaches Joe Mondrik, top left, and Joe Lee Heltman share the Cardinals triumph.

**HEAT UP THE SKILLET** - A big skillet, too, to hold this 60-pound yellow cat caught in Little River Friday night. The lucky fishermen are from left, Danny Henson, Lee "Bubba" Moody, and Nig Moody Sr.

A set line baited with carp enticed this one, and tho the cat wrapped the line around an underwater limb, Bubba waded out, unwound the line, and the fish was hauled in.

## Barbecue To Honor Cong. Pickle

TAYLOR

Both U. S. Senators from Texas, two ranking Committee Chairmen and a Federal Circuit Judge will be honored as special guests at the bi-annual stag appreciation barbecue for Cong. Jake Pickle.

Senators Ralph Yarborough and John Tower plus U. S. Representatives George Mahon and Bob Poage and Federal Circuit Judge Homer Thornberry will participate in the affair which has been in existence for over twenty years.

Mahon, from Lubbock, is Chairman of the House Appropriations Committee and Poage of Waco is Chairman of the House Agriculture Committee.

The Texas Senators, the two House members and Judge Thornberry are being recognized for their efforts on behalf of Central Texas and particularly for the San Gabriel River dam project in Williamson County. The project was begun in 1948 when Thornberry was the Congressman from the Tenth District.

Wilson Fox, co-chairman and an attorney from Taylor, announced, "For \$3.50 anyone can get a one-pound steak, all the refreshments and enough good fellowship to last him till we have the next barbecue."

The Barbecue, rich in tradition, will be held on the banks of the San Gabriel River on the Fox Riverside Ranch, six miles north of Taylor, Thursday, September 3 at 7 p.m.

## San Gabriel News

By Mrs. Ralph Heisch

Mr. and Mrs. James Terry and Lynette left for Huntsville Sunday morning following the Sunday school hour. They visited Mr. and Mrs. Rockney Terry at Huntsville and the David Terry family of Houston on Sunday.

On Monday Lynette entered Sam Houston University at Huntsville and her parents returned home.

Mrs. Bob Wimberly and Mrs. Hugo Linke attended the W.M.U. Houseparty in Waco this past week. Mrs. Linke with other ladies from the association attended the Houseparty on Tuesday, and Mrs. Wimberly attended Monday through Wednesday.

Mrs. Bessie Garner of Lubbock is visiting friends and relatives in this community, and attended worship services at San Gabriel Baptist Church Sunday morning. She was a member there for many years.

Mr. and Mrs. Leslie Hodge, Britt and Clay of Houston spent the weekend with her parents, Mr. and Mrs. Allen Conn and other relatives.

Mrs. Andrew Garner returned home from visiting her children in Dallas, Ft. Worth and Richardson this week. Mr. and Mrs. Jack Stiles and Mark from Greenville spent the weekend with her.

Mr. and Mrs. Ronald Patschke of Tyler and Mr. and Mrs. Donny Heine enjoyed a fishing trip to Freeport on Tuesday and Wednesday of last week. The men enjoyed the sport of deep sea fishing for king fish and were quite successful. The group also made a brief stop in Houston where they viewed the San Jacinto Monument and the Battleship.

Mrs. Guinn Gifford motored her parents, Mr. and Mrs. Calvin Eiland to Killeen to visit their grandson who has had surgery.

Mrs. Fred Wilson spent the weekend in Corpus Christi with her mother Mrs. Cowan who is very sick.

Sunday guests of Mr. and Mrs. Guinn Gifford and Louis were Mr. and Mrs. Elo Schobel and Ruby of La Grange. Becky Robbins of Rockdale, Mr. and Mrs. Curtis Zieschang and boys of Taylor and Mr. and Mrs. Charles Gifford of Thorndale.

Mrs. Hazel Clark, Mrs. Ora Case and Miss Ella Yeager attended the funeral of Miss Alice Wernli in Taylor Sunday, she was the sister of Mrs. Gus Clark of Houston.

Sunday afternoon guests of Mr. and Mrs. Richard Heine were

Mr. and Mrs. Arthur Wuthrich of Austin, Mr. and Mrs. Earl Potts of Laurence Chapel, the Donny Heines, Darren and Dawn, and Mr. Edgar McDaniel all of San Gabriel.

Weekend guest of Mr. and Mrs. Buddy Limmer was her sister, Mrs. Fred Zapalac of Taylor.

## Teal Season Open Sept. 12 In Texas

AUSTIN

Texas shotgunners again will be able to test their shooting eyes on the sporty teal this September as the Texas Parks and Wildlife Department has authorized continuation of the early teal season throughout the state.

The season will be Sept. 12-20, from sunrise to sunset, with an aggregate limit of four per day of bluewing, greenwing or cinnamon teal. Possession limit is eight.

The special early season is held to provide a harvest of the birds which traditionally migrate south earlier than other waterfowl. The bluewings in particular are early, passing through Texas on their way to South America from mid-August through September.

Although the teal season has been set by the Commission, official action on regulations for this year's seasons on other duck species, geese and sandhill cranes will not be taken until the Aug. 19 Texas Parks and Wildlife Commission meeting.

Hunters need no special permit to participate in the early season, but a 1970-71 Texas hunting license is required if hunting outside the county of residence. Non-resident hunters should have a non-resident hunting license or a five-day migratory bird license. Federal duck stamps also are a requirement for all duck hunters.

Rev. Jess Wilson Jr. was visiting his parents, Mr. and Mrs. Jess Wilson Sr. while his wife attended the W.M.U. Houseparty in Waco this week.

## BURLINGTON NEWS

By Mrs. Gerald Foshee

A Henry Leirman family reunion was held Sunday, Aug. 23 at the Burlington Recreation Hall with 53 present from Temple, Rosebud, Waco, Houston, Ben Arnold, Ennis and California.

Mr. and Mrs. Billy Jeff Prescott and girls and Joyce Savoy of Houston spent the weekend visiting Mrs. J. T. Prescott and Jake and relatives at Temple and attended the Leirman reunion on Sunday.

Mr. and Mrs. Fred Cochran of Rosebud, Mrs. Bill Whitted of Round Rock, Mr. and Mrs. Roy Lee Franklin and granddaughter Christine of Bryan, Mr. and Mrs. T. L. McCray, Mrs. Marie Eakin and James Patzke visited Mrs. J. T. Prescott and Jake during the weekend.

Mr. and Mrs. Billy Wayne Marek and Stephanie of Plano spent the weekend visiting relatives here. Mrs. Aleta Marek returned home after spending 2 weeks with them.

Mrs. Herman Dorner Sr. entered Halberts Hospital last Tuesday.

The Henry Davenport, the Wesley Davenport and the Wesley Davenport visited Mr. and Mrs. Dennis Davenport on Saturday night.

Mrs. Gerald Foshee and Mrs. Joe Ralston visited Thomas Polk at Halberts Hospital Sunday evening.

Pete Benesh returned home last Monday after spending several days at Halberts Hospital. Mrs. Johanna Wied of Rosebud entertained the 42 Club Tuesday afternoon.

Mr. and Mrs. Carlton Parker of Hewett and J. M. Bowen of Ft. Worth and J. M. Bowen of Cameron visited Mr. and Mrs. Ray Schoenoelt during the weekend.

Gaylon, Robert, Kenny and Gary Chollett of Asa spent last week with grandparents, Mr. and Mrs. Ray Schoenoelt and Mr.

and Mrs. Elo Chollett. Jeff and Kevin Glivens of Austin spent last week with their grandparents, Mr. and Mrs. Joe Hromcik. They returned home Sunday with their parents, Mr. and Mrs. Richard Glivens.

Mr. and Mrs. Joe Hromcik and the Jerry Wades of Austin visited the Frankie Hromciks and Timmy of Ft. Worth last weekend.

Mr. and Mrs. Johnny Stock, Mrs. Ed Lorenz and Mrs. Ella Flentge visited Mr. and Mrs. August Lorenz during last week. Mr. and Mrs. Henry Henning and Mr. and Mrs. Louis Pangel visited Mr. and Mrs. August Lorenz last Thursday night and played 84.

Mr. and Mrs. August Lorenz visited Mr. and Mrs. Joe Pelzel Sunday evening.

Mr. and Mrs. Winston Churchill, Damon and Robbi of Waco and Mr. and Mrs. W. C. Hagerly of Cameron visited Mrs. Henrietta Hagerty and Kathleen during the weekend.

Brenda Marek and Rebecca and Theresa Tomek of Dallas spent the weekend with their parents, Mr. and Mrs. W. G. Marek and the Joe Tomeks.

Mr. and Mrs. Gus Trojan of Rosebud visited Charley Boehme last Thursday.

Charley Boehme and Mr. and Mrs. Gus Trojan of Rosebud visited Mr. and Mrs. Arthur Boehme and Rodney of Waco on Sunday.

Mr. and Mrs. Henry Davenport, Mr. and Mrs. Arthur Davenport and Mr. and Mrs. Gerald Foshee visited Mrs. Maggie Dennis and Bennie Trojan on Monday night.

About 18% of the 510 million acres of commercial forest land in the United States is in the National Forest System. Private ownership accounts for 73% and the balance is in other state, federal and local holdings.

Gause News

By Mrs. Wanda Lee

Everyone is invited to a bridal shower Tuesday, September 1 honoring Mrs. Johnny Paul Alford (the former Hazel Thompson) at the Baptist Church Annex beginning at 7 p.m. Hostesses are Mrs. Jean Brown and Mrs. Mary Francis Matthews.

Mr. and Mrs. Hollis Matthews and Vince, Mr. and Mrs. George Light and Mr. and Mrs. Byron Wise were in Crockett Sunday where they visited Carl Turnage who is in the hospital there.

Mrs. LeeRoy (Joann) Willard is a patient in Hearne General Hospital.

Mark and Margaret Gause were both burned Sunday night when they had an accident with hot grease. Margaret spent Sunday night in the hospital, but was able to come home Monday morning.

Mr. Brown Ely has been a patient in the Veterans Hospital in Temple.

Mr. and Mrs. Olan Coats of Morton visited several days with Mr. and Mrs. Alfred Coats, Sherri, Kay and Kevin.

Mrs. Wayne Lee, Craig, Kelly and Lance spent from Tuesday until Thursday of last week in Houston with Mr. and Mrs. Jim Lee, Cathy and Cheryl. Wednesday they spent the day at Hermann Park and Zoo.

Thursday night Mr. and Mrs. Wayne Lee and children visited

in Milano with Mr. and Mrs. Roy Gene Miller.

Mr. and Mrs. Bill Hull of Karnes City spent the weekend here.

The Douglas Johnson family of Houston visited with relatives over the weekend. Mrs. Johnson and children remained for the week to help care for the Willard children while their mother is in the hospital.

Mrs. Laura Ward left for her new home in De Ridder, La. last Friday.

Mrs. Garland Hux and children of Cameron spent Saturday with Mr. and Mrs. Cecil Butler.

SCHOOL NEWS

The Gause Elementary School began the 1970 - 71 semesters Monday, August 24th. The school has a new supt. this year. He is Mr. Merrell Barfield and will be teaching the 5th and 6th grades and all 6 grades of science. Mrs. Ethel Slay has the first grade and will teach 3rd and 4th grade language studies. Mrs. Chaney has the 2nd grade and will teach 5th and 6th grade language studies. Mrs. Mozell Smith will be teaching 3rd and 4th grade and will teach all math, grades 1-6.

Mrs. Dorsey Wilson is a teacher's aid and teaches girls P.E. Mr. Dexter Worrell is substituting as a teacher's aid and boys P.E. for Mr. Bill Hairrell who is still a patient in the Marlin Veterina's Hospital. Mrs. Dexter Worrell is in charge of the lunchroom. Mrs. Betty Jo Wadlington is driving the school bus, on the route and to Hearne.

The Gause school will observe the same holidays as the Hearne schools, the first one being Labor Day, September 7th.

Forty eight students enrolled the first day of school. The school will be able to obtain another teacher if 2 more students enroll.

Mr. Barfield reports a large number of activities are in the planning for the students through out the year.

STATE DRESS REVUE ENTRY - Peggy Stephens models the outfit that won her a top place in the senior division at the District 8 4-H Dress Revue. She will represent the District at the State Dress Revue to be held in Dallas in October.

Dress Revue Winner To Compete At Dallas

"The Teen Scene" was the theme for the District 8 4-H Dress Revue held July 23 at Tarleton State College at Stephenville.

Representing Milam County were Peggy Stephens of the Rockdale 4-H Club and Carolyn Helpert of Burlington 4-H Club. Peggy was in the senior division (14 yrs or older and 3 years of 4-H club work). Carolyn was in the junior division (12-14).

Peggy was selected as one of the four girls to represent District 8 at the State Dress Revue in Dallas in October. Carolyn received a red ribbon.

Peggy's outfit consisted of a red, yellow and gray plaid, 100% acrylic coat and scarf. The double breasted coat featured side pockets, set in sleeves, and bound buttonholes. The scarf was trimmed with red nylon fringe.

The coat topped a 100% Dacron Polyester knit sleeveless A-line

dress. Peggy's accessories included red crushed patent shoes, black leather gloves, and navy felt floppy hat and navy umbrella.

Carolyn's costume was a navy and white printed 100% combed cotton scooter skirt and ascot. The skirt featured lined panels in front and back and stitched pleats.

The 100% polished cotton blouse had long set in puffed sleeves with button cuffs and pointed collar. Carolyn's accessories included crushed leather loafers.

Cool Quickie

A cool and quick salad for lazy summer days is one of baked ham cut in julienne strips, crumbled mozzarella cheese, fresh spinach and celery, tossed with Italian salad dressing just before serving.

HD Agent Notes...

September Meal Ideas

By Christine Laws

Summer's almost over, school's beginning, and all the work involved in getting the kids ready is here. But the labor in fixing meals can be reduced... especially if you rely upon the convenience foods on the September Plentiful Foods List.

Canned peaches, canned applesauce, peanuts, peanut products and dry split peas are plentiful. All of these can help to provide quick, easy, nutritious meals for your family.

Canned applesauce is a convenient side dish for ham and pork and can be served "as is" from the can. Or try mixing some mint or cinnamon flavoring in with it for a change. Pick up several cans to keep on hand for those "short notice" meals that every homemaker has to prepare. Stocks of canned applesauce are reported at record levels.

Canned peaches can be served plain or chilled, but are a delicious treat if broiled with a dab of mint or currant jelly in the center. Canned peach supplies have been plentiful since 1965.

Give the children a tasty snack of peanut butter cookies and milk when they get home from school.

Dry split peas are delicious in hearty soups. Green and particularly yellow dry peas are expected to continue in abundant supply.

As summer's heat starts to decrease, you'll probably want to enjoy your barbecue grill before winter gets here. A patio dinner of barbecued chicken can be a special delight during cooler weather, but you can still enjoy the tastiness of barbecued chicken even after it gets cold. Now is a particularly good time to do so, because broiler - fryers are plentiful.

The possibility of barbecued chicken is often overlooked after cold weather arrives. To barbecue in the range broiler, arrange the chicken skin side down, in the bottom of the broiler pan, without rack. Brush chicken with seasoned butter or barbecue

sauce and broil 7 to 9 inches from the heat. Turn chicken every 10 minutes, brushing it with the butter or sauce each time. Broil it until it is fork tender, nicely browned and crisp, or from 45 to 60 minutes.

For a quick barbecue sauce for chicken, try this:

BARBECUE SAUCE

1/2 cup ketchup, 3 tablespoons Worcestershire sauce, 2 tablespoons vinegar, 1 clove garlic, minced, 2 tablespoons brown sugar, 1/4 teaspoon dry mustard, Dash of Tabasco sauce, Salt, pepper to taste.

Combine ingredients. Brush on surface of meat and repeat every five to ten minutes during cooking time. Try some of these other appetizing chicken dishes.

Baylor Lists Summer Graduates

Mrs. Jean Tumlinson of Cameron was among August 21 graduates at Baylor University, receiving her BA degree in Spanish.

Area graduates included Rita Ann Jones of Rogers, BA in biology; Patricia Ann Borden of Rosebud, BA drama; Gladys E. Griffin and Martha Marie White both of Rosebud, MS education.

For most of the 437 graduates receiving degrees, the commencement exercises marked the culmination of four years of concerted effort. The ceremonies closed the university's 81st summer session.

Baptists Set Youth Led Revival

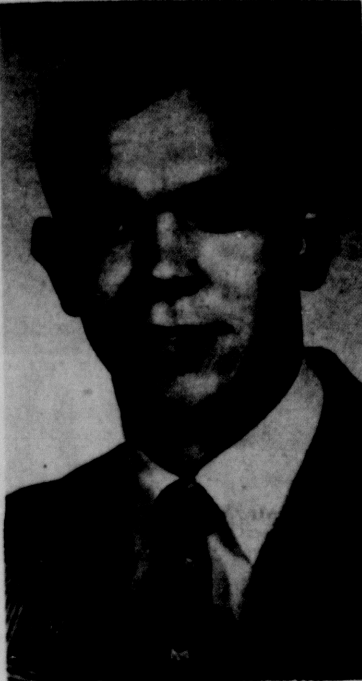

The young people of First Baptist Church, Cameron, are sponsoring a Youth Revival, Friday evening through Sunday evening, August 28-30.

Services will be at 7 p.m. each evening and at 10:55 a.m. Sunday morning.

Evangelist for the revival will be Jimmy Ranton who has conducted over 40 revivals. At present he is a student at Southwestern Baptist Theological Seminary in Fort Worth.

Music director will be Jack Boyd, who is the present Music and Youth Director at First Baptist. He will graduate from Baylor this month and plans to get his Master's Degree there.

"This is a youth-led revival and everyone is invited to come and see the positive side of what young people are doing today," Rev. James Lafferty said.

Evangelist Jimmy Ranton

Personal Mention

The Gene Blake family returned to Cameron this week and will reside at 802 E. 8th Street. The Blakes, former Cameron residents, have lived in Ponca City, Oklahoma for the past 12 years. Mr. Blake will assume active management of the Cameron Coca Cola Bottling Company.

Visitors in the John B. Henderson Sr. home over the weekend included Mrs. Henderson's sister, Mrs. F. E. Harrison of Ft. Worth, her great-niece, Nanci McNamara who is the current Miss Fort Worth, and Miss McNamara's fiancé Julian Williams of Dallas.

Mrs. Frank Kohut is a patient at St. Edward Hospital.

Visitors in the Melvin Weems home last weekend were Mrs. Martha Lucas of Ft. Worth, Bill R. Duncan of Hurst, the Robert Weems family of Chicago, Derrell Duncan of San Angelo and Sylvia Petty of Chicago.

Mr. and Mrs. Dade Caldwell, daughter Donna and niece Terrie Lee of Texas City spent Thursday with Mrs. Lula Wilkerson in the Cameron nursing home.

Miss Moore To Wed Mr. Kelley

Mr. and Mrs. Clyde E. Moore, of Temple have announced the engagement of their daughter Clydell Marie to Frederick Glenn Kelley, son of Mr. and Mrs. Arthur Kelley Sr. of Cameron.

The couple is planning a January 1971 wedding.

The bride-elect is an honor graduate of Dunbar High School of Temple and a graduate of St. Phillip's Junior College in San Antonio. She is a clerk typist at North Texas State University where she is a senior majoring in speech and hearing pathology.

The prospective bridegroom is an honor graduate of O. J. Thomas High School and is a senior at North Texas State University majoring in biology.

Sgt. Mraz Visits Here

Staff Sgt. Archie L. Mraz, formerly of Cameron and now serving with the U. S. Air Force, is visiting with his family, Mr. and Mrs. James M. Evard of Cameron.

Sgt. Mraz has just returned from a tour with the USAF at Udorn Royal Thai Air Force Base in Thailand. This first stop was at Blytheville AFB, Blytheville, Ark., to be reunited with his wife Mary and daughter Tonia.

He stopped in Cameron enroute to Holloman AFB, Alamogordo, New Mexico, where he is assigned as an inertial navigational technician.

MR. AND MRS. ERNEST ANDREWS

Rites In Houston Unite Miss Malone, Andrew

Miss Wanda June Malone, daughter of Mr. and Mrs. Wesley Malone of Milano became the bride of Mr. Ernest Andrews, son of Mrs. Bernice Mills of Norfolk, Virginia Saturday, July 25.

The double ring ceremony was performed at 8 in the evening at Harmony Wedding Chapel in Houston.

The bride wore a street length dress of white satin with nylon

eyelet lace coat featuring long puffed sleeves. Her headpiece was a fluffy chiffon rose and she wore a white orchid corsage with blue ribbon streamers.

Mrs. Rosemary Wheeler of Houston was matron of honor. She wore a blue cotton satin dress and a blue and white feathered carnation corsage.

Mr. Reginald Wilkins served as best man.

The bride's mother chose a blue knit dress for her daughter's wedding. Her accessories were of black patent and she wore a white carnation corsage.

Following the ceremony a small reception was held for the family and close friends.

The new Mrs. Andrews is a graduate of Milano High School and business college in Houston. She is presently employed at Mosher Steel Co. in Houston as supervisor of the IBM department.

Mr. Andrews is a surveyor for the Fisher Company at Houston.

The couple is at home at 1905 Welch Street, Houston.

Births

To Mr. and Mrs. L. V. Miller, Cameron, a boy, Mark Leron, 6 pounds 3 ounces, born 7:03 a.m. August 24 at St. Edward Hospital.

To Mr. and Mrs. Elvi Warlick, Jr., Cameron, a boy, Wesley Wade, 7 pounds 5 1/2 ounces, born 12:24 p.m. August 24 at Newton Memorial Hospital.

To Mr. and Mrs. Albert Aguilon of Maysfield, a boy, Mark Anthony, 6 pounds 15 ounces, born 7:30 a.m. August 22 at St. Edward Hospital.

If you've been saving to buy gas heating, here's help:

If you're like most homeowners in this area, sooner or later you'll probably buy gas central heating.

After all, it costs less to operate. It circulates fresh, warm air in every corner of your home. And a simple construction gives it a long trouble-free life.

So, why not buy gas heating now? And get a 15% discount. (We'll give you a 25% discount if you buy yours with a chiller coil that makes gas air conditioning easier to install.)

In short, save a lot of money now at Lone Star Gas or any participating gas heating dealer.

15% off

Don't Need It? Sell It!

## Services For Roy Setzer

Mr. Roy Setzer age 73 died at 10:30 Tuesday in a Cameron Hospital. He was born June 16, 1897 in Rogers and lived in Cameron the last 20 years.

Funeral service will be at 2 p.m. Friday at Marek-Burns-Laywell Funeral Home. Rev. H. M. Bowley will officiate.

Burial will be in the Val Verde Cemetery.

Survivors are his wife of Cameron, 2 sons James Setzer of Athens and Roy Setzer Jr. of Waco; 2 daughters, Mrs. Helen Nelson of Oklahoma City, and Mrs. Fay Quinn of Houston; 2 brothers, Harley Setzer of Groesbeck and Marshall Setzer of Temple; 2 sisters, Mrs. Cora Knight of Temple and Mrs. Mollie Henderson of Killeen. Seventeen grandchildren and three grandchildren.

## Inspection Time For No. 9 Autos

AUSTIN  
Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today reminded Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large numeral "9" must be reinspected before midnight September 30.

Texas now operates on a 12-month inspection system. The inspection sticker in the lower left-hand corner of the windshield contains a large numeral showing the month of inspection and expiration.

Speir said vehicles with red stickers and the number "10" will require reinspection before midnight on the last day of October. Those with an "11" must be re-inspected before the end of November, with a December 31 deadline for the red stickers numbered "12."

All motor vehicles and certain classes of trailers are subject to the mandatory inspection which includes brakes, lighting equipment, horns and warning devices, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system.

State law requires that inspections be made at privately owned official inspection stations which have been appointed and regulated by the Department of Public Safety. The statutory inspection fee is \$2 with adjustments or repairs extra if required.

## Person To TPL Post

R. T. Person, Jr. of Richardson has been named director of ecology management for Texas Power & Light Company, T. L. Austin, Jr., TP&L president, announced.

Person will supervise air and water quality control for TP&L as well as advising the Company on land use planning and environmental research.

Person was assistant to TP&L's Sherman district manager from 1969 to 1970. He joined the Company in 1966 as a public information assistant at TP&L's Dallas headquarters.

He is a graduate of Menlo College in Menlo Park, California, with a bachelor of science degree in business administration. He was graduated also from an environmental management school held this summer at Colorado State University in Fort Collins, Colorado.

In addition to Person's appointment, TP&L has formed an environmental management committee made up of specialists in water quality control, air quality control, chemistry, transmission and substation design, right-of-way and real estate.

# Get The Light From GOD'S LIGHTHOUSE

GUIDE YOU TO HIS CHURCH

...what is it dad? To me it seems to be a multitude of jealous people, who have forgotten God, and are experimenting with scientific formulas that could tear us apart. What does it mean — "Am I my brother's keeper?" What a thought for this age... for men who literally carry our lives in their hands. At best we are confused. The time-table is tipped in favor of total destruction. Why, oh why, will wise men "deaf-ear" God? He said, "I am the way and the truth." He gave us His church where we could learn to love each other more, but many a man refuses to be called to worship. God, have mercy on all those who stray, and help us explain the world through love.

You In The Church  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord, let us support her program of service to humanity, be a faithful worker, a daily bible reader, and attend services regularly.

### JERUSALEM BAPTIST
